## Executive Education Center Bang College of Business

Executive MBA Program at KIMEP Bang College of Business and Executive Education Center, where executive students get the latest concepts to become leaders and education to build modern society.

# Why Executive MBA at KIMEP?

- Contemporary business concepts
- International learning environment
- Tools to accelerate your career
- Networking opportunities

The Executive MBA Program at Kazakhstan Institute of Management, Economics and Strategic Research (KIMEP) from Kazakhstan was launched in spring 2007 with a mission to prepare future leaders for the challenges of today's business environment.

KIMEP Executive MBA Program follows the North American academic standards, and is delivered by the skilled faculty holding PhD degrees and by the business experts with sound industrial background. Students are mostly mid-career executives preparing to assume leadership positions and senior executives who are interested in enhancing their skills and job performance.

It requires building solid foundation for analytical, conceptual and interpersonal skills to become efficient leader, both domestically and globally. If you are seeking the ways of understanding modern business, thinking strategically and making better decisions then choose Executive MBA at KIMEP.

The classes are scheduled to address the needs of executive students so that the program participants will combine their job with approximately 18 months of intensive studies. Among the program's benefits there are networking opportunities (to meet managers and executives from other industries) and distance component (currently includes L-drive, Skype-based video conferencing and e-learning platform to support core courses).

As the leading business college in Central Asia, Bang College of Business at KIMEP has earned a reputation for quality teaching, program innovation and executive development. If you are a fulltime manager or executive we invite you to learn more about KIMEP Executive MBA Program, where you can study while working.
