The KIMEP Executive MBA

A Personal and Professional Transformation

- Deepen your understanding
- Gain an international perspective
- Accelerate your career
- Impact on your organization

I am really happy that I decided to go to the ExMBA program at last.

ExMBA gave me the ability and confidence to talk on the same level with executives of different companies. It also helped to feel more confident in all my company's discussions.

Now, I can sit in on any meeting within the company and understand the meaning of all business processes and have a chance to make my own contribution to these processes

KIMEP launched the Executive MBA Program in January 2007 with a mission to prepare leaders for the challenges of today's business environment. Kazakhstan and the global community are rapidly changing. It's an environment of opportunities... but also of risk. Our Executive MBA Program was created to help executives understand business, think strategically and take better decisions, both for themselves and their organizations.

To lead effectively on the domestic and world stages requires a solid foundation of analytical, conceptual and interpersonal skills. As the premier business college in Central Asia, KIMEP's Bang College of Business has earned a reputation for world-class teaching, program innovation and executive development. These are put to use in providing you with a program that will have a profound impact on your career and your life.

If you are a successful manager or executive we invite you to learn more about this exciting program. The Executive MBA at KIMEP gives you the opportunity to pursue your MBA while continuing to work in your current job. It has been designed to allow participants to balance 21 months of intensive study with a demanding career and your commitment to family and friends.

We look forward to hearing from you

Why the KIMEP Executive MBA?

Executive MBA gives a great opportunity to further develop as an EXECUTIVE of a company and the ability to work locally and think globally.
