FOREWORD

It is my great pleasure to present the fourth edition of the KIMEP Fact Book.

KIMEP is a non-profit institution of higher education. Its mission is to develop well-educated citizens and to improve the quality of life in Kazakhstan and Central Asia through education, scholarship and community service. KIMEP offers graduate and undergraduate degree programs in business, economics, finance, accounting, public administration, political science, international relations, journalism and mass communication. All classes are taught in English, and all curricula match the highest international standards.

Our diverse student body represents some of the brightest minds and talents of Central Asia and consists of students from all social and economic backgrounds. KIMEP possesses a burgeoning contingent of international students, representing more than 40 different countries, and partnerships with 70 international universities. KIMEP's graduates are employed throughout the public and private sector, forming the next generation of Kazakhstan and Central Asia's leaders.

KIMEP is an incredibly dynamic institution, truly unique in the world today. During my time as president of this great institution, I have seen it grow many times over. Since the year 2000, the number of students at KIMEP has increased six-fold, the number of faculty members has tripled and our operating revenue has increased nearly ten-fold. This remarkable growth has helped KIMEP become the leading academic institution in Central Asia and has positioned it to become a world-leader in education.

The purpose of the KIMEP Fact Book is to give all interested parties a glimpse into the changes and developments of this institution. It serves a key role in this institution's continuing mission of maintaining total transparency to the greater community. Within, you will find a wealth of information about KIMEP's student body, academic programs, faculty, administration and finances.

I hope you enjoy learning more about KIMEP. I am certain you'll find KIMEP a phenomenal institution, a beacon of academic excellence, and a great contributor to the promising future of Central Asia.

*Dr. Chan Young Bang,
President of KIMEP*

*Dr. M.H. Rahman
Executive Vice President of KIMEP*

FOREWORD

It is my pleasure to present to you this new volume of KIMEP Fact Book that provides information for the last three academic years, reflecting the institute's endeavors and achievements.

This is the fourth edition of KIMEP Fact Book - our regular statistical data source that aims to provide extensive information about our institute with clarity, simplicity and reader-friendliness. The publication also allows a glimpse of the everyday KIMEP life through pictures of our students, teachers and campus.

The Book is intended for a wide range of readers, and we hope that it will serve as an effective source of information on KIMEP.

Success Stories

of KIMEP 2007-2008 Alumni

NAILYA UALIBEKOVA, EMBA, 2008

CHIEF-ACCOUNTANT,

KASPI BANK

In the course of my work I often meet colleagues that graduated from KIMEP, they are true professionals. That is why I am convinced that today KIMEP is the best higher education institution in the Republic, and I am proud to be among its Alumni.

KIMEP allowed me to deepen my knowledge and broaden my professional horizons.

ANARBEEK BAKTYBAYEV, EMBA, 2008

OPERATIONS MANAGER,

HENKEL CENTRAL ASIA AND CAUCASUS, LLP

KIMEP – is a perfect school which gives excellent theoretical basis and practical knowledge for managers. Knowledge obtained in KIMEP together with gained experience opened for me a great opportunity for further personal development.

In KIMEP, I learned to analytically approach given tasks and find best optimal solutions. As a Head of Supply Chain department, I every day face situations that require good knowledge of finance, accounting, operations management, business law and strategy. KIMEP has given me a powerful incentive for my personal growth and carrier development.

GULMARA RYSBEKOVA, BSc, 2006 and MBA, 2007

HEAD OF MARKETING OF FINANCIAL PORTALS DIVISION,
KAZKOMMERTSBANK

I'm grateful to KIMEP for all the professors who have given us good knowledge and who have coached us over the years of study. KIMEP's projects, deadlines, teamwork and presentations made me organized, responsible and target-oriented person. After graduating from BSc program, it was much easier for me to graduate from MBA over 9 months due to the knowledge that I've received over 4 years of study at a bachelor program of KIMEP.

I would like to thank the whole KIMEP community that contributed to my career, especially the Career Center of KIMEP that helped me to find my current job. I'm glad to work at KAZKOM and I can say that the knowledge that I've received at KIMEP is the best asset that I've acquired in my life.

Success Stories *of KIMEP 2001-2005 Alumni*

BAKHTIYAR BATYRBEK, BSc, 2005

INVESTMENT MANAGER,

KAZYNA CAPITAL MANAGEMENT

The decision to study in KIMEP is the one I will never regret. The benefits of the education did not stop after graduation, and I can still enjoy its pay-off. KIMEP gave me incredible career prospects from the first year of studies; it helped me a lot in the postgraduate studies in one of the leading UK business schools; and most importantly it paved me the way to the business community both locally and internationally through a wide alumni network. Today I am proud to be a part of this community – thank you KIMEP!

AIDA SAPARGAZINOVA, EMBA, 2004

GENERAL DIRECTOR,

LACTALIS- FOODMASTER, KAZAKHSTAN

For over 15 years KIMEP has been preparing specialists of high international level for the benefit of Kazakhstani economy. Many top managers of “FoodMaster” Company worked and studied at the same time. It was not easy - instructors did not indulge us, we had to put all our physical and mental efforts to study, but the result exceeded all expectations.

Today I am confident that knowledge obtained at KIMEP is in demand and helps me in my work.

ARMAN ZHOLDASBEKOV, MBA, 2001

GENERAL DIRECTOR,

PLAST-INVEST COMPANY

I entered KIMEP in 1999 being already an entrepreneur. At that time, many people asked me why I decided to study at KIMEP, whereas I could earn a living. However, I felt the crisis in my professional evolution and the need to raise social status.

The two years had passed very rapidly and I can declare that it was the most exciting time in my life! At present I am the Head of Plast Invest LLP, fast growing company involved in water network construction business and the largest dealer of Chevron-Texaco Polyethylene Pipes plant based in Atyrau.

Success Stories

of KIMEP 1998-1999 Alumni

RAUSHAN RAISKHANOVA, MBA, 1999

DEPUTY GENERAL MANAGER,

NORTH CASPIAN OPERATING COMPANY

Saying that KIMEP gave me a lot is saying nothing at all – all that was obtained from KIMEP remains topical as of today, and is just polished over years. For myself personally I would define studying at KIMEP as a school of forming and of teamwork. And when each of you finds his or her place at a large and various labor market, I would like you to always remember the best cases of your team work in KIMEP. The composition of your surrounding will always change, but the main principles of communication and of mutual support will remain the same as what you've been taught at KIMEP. There is no big difference between doing your small homework assignment and realization of a grand project at work. The rules of the game are just the same.

RINAD TEMIRBEKOV, MBA, 1999

EXECUTIVE DIRECTOR,

EURASIA FOUNDATION OF CENTRAL ASIA

For more than 10 years I every day feel myself ascertained that receiving an education at KIMEP was one of the most valuable investments in my personal development. MBA program helped me forming a complex vision of all aspects of management and obtaining a deep systematic knowledge which is effectively used in practice.

KIMEP has provided me with the following advantages: team building skills, as a comprehension of mutual responsibility in front of other team members; understanding that management is an art of compromises and balance of resources and interests, where there is no the only unique and right decision; and acquaintance with the international standards of education and communication when the freedom of thinking, communications culture, and efficiency of decision-making process are highly appreciated.

GALINA KALININA, MBA, 1998

ENERGY SECTOR CONTROLLER,

SIEMENS LLP, CENTRAL ASIA

My experience at KIMEP fulfilled my highest expectations and proved to be an excellent step in my career development.

Within a vibrant and supportive learning environment, KIMEP discovers, disseminates, and applies new knowledge through teaching and learning, research and creative activity, community involvement, and partnerships.

The KIMEP gives a national and international voice to innovation in our country, taking a lead role in development of high-qualified specialists for our economy.
