## Dear Graduate,

*Congratulations on your achievements and graduation! As you are now stepping up to be the backbone of our country and the next generation of leaders in the world, you are carrying our banner as ambassadors of KIMEP: Not only are you well-trained in knowledge, expertise, and excellency, but you also embody our core values of integrity, compassion, and honesty. As you graduate, you won't ever separate from KIMEP – this university is yours, and you can always depend upon this institution to further your professional development to realize your cherished dreams. I am proud of you, and you should be very proud of yourselves.*

**Sincerely,  
Dr. Chang Young Bang**

*Congratulations KIMEP Class of 2021. You did it, you have finally finished your university education and can begin to pursue the dreams you made for yourself while you were attending classes in the university. While 2020-2021 was not what you had imagined your university experience would be like, you had the unique opportunity of learning in a very challenging environment. One of life's lessons from this experience is that you know you can accomplish whatever is important to you and not be discouraged by a difficult environment. I wish you the best in your future! I wish you success in whatever fields you wish to pursue!!*

*Please always remember you are a KIMEP graduate and we hope you will be an active member of the KIMEP Alumni Association.*

**Sincerely,**  
**Dr. Timothy Barnett, Ph.D**  
 Provost and General Deputy to the President

*Congratulations on graduating KIMEP! Take a moment to enjoy this achievement; revel in the embrace of family and friends! For this accomplishment is not a victory achieved by one but rather achieved with the support of those around you. Your laurels, I am sure, are well-earned. And then remember to express gratitude to all those who helped. With a KIMEP diploma, you will have many options for work, for continuing your formal education, and for exploring and taking opportunities in the future that come your way. Keith Richards once said: "Nobody stops growing, otherwise there's no point in doing the trip in the first place. . . You keep learning, and you never stop." KIMEP has given you the fundament from which to grow and continue to learn. I wish you the best in your endeavors and every success in all you do.*

**Sincerely,**  
**Dr. Joseph Luke, J.D.**  
 Vice President of Academic Affairs

**JAY HOYOUNG LEE**

Dean, Bang College of Business

Dear graduates of 2021! Now that you are leaving the walls of your Alma Mater - the most prestigious western style University in Kazakhstan, I wish you to become internationally competitive leaders with global talents. It was my great pleasure to know you and teach finance to you. Graduation opens the door to a new level that requires your knowledge in real-life situations. Therefore, build your *capital*, *invest wisely*, *assess risks*, know your *value*, explore *options*, *exercise* opportunities and remember that "the best way to *forecast the future* is to invent it"

**Yevgeniya Kim**

You are moving on to a new and exciting chapter in your life. I wish you all the best for the future that lies ahead. May you always reach beyond the sky. Never assign a limit to knowledge, and endlessly light the way for others. Congratulations on your graduation.

**Gulnara Dadabayeva**

Dear graduates, dreams come true! Everything is possible if you follow your dream!

**Milen Nikolaev Filipov**

I wish you to have the courage to want the best in life and the self-discipline to achieve it.

Because as I always say:  
It is never enough: to be happy, successful and daring!

**Claudio Lombardi**

Dear students, once someone told me that who reads lives many lives. So read and be curious. Don't be hungry but replenish your minds with enough food for thought. Don't be foolish but bold. Because the most courageous thing to do is to learn something new every day.

**Askat Tleuov**

Yes, you did it! You've come so far, and with your talents, there's no limit to how much farther you can go.

**We bring to your attention an interview with KIMEP graduate of 2021 Dinmukhammet, which he gave to the Zhanartu Foundation**

By the age of 20, he graduated with Honors from the university in 2.5 years. He founded his own digital design studio, opened his own school of robotics for children, and also became one of the developers of the akimat website on the situation with COVID-19 in Shymkent. And these are not all the facts about ZHANARTU Foundation's scholar and the first graduating student from the "Information systems in business" bachelor program (BISB) at KIMEP University. Read more about future plans of Dinmukhammet Zholdybay in his interview below.

**ZHANARTU: You are the first graduate of the BISB program completed your studies at KIMEP after 2.5 years. How did you manage to do so?**

– First of all, I would like to note the uniqueness of the KIMEP University system – students can choose by themselves their own professors, schedules, and subjects. On average, everyone takes 12-16 credits per semester, but I took 20-22 credits each semester. I am also a graduate of the Nazarbayev Intellectual Schools, and therefore, in the first year, several subjects were automatically credited as passed.

**ZHANARTU: What was the most interesting subject for you?**

— Yes, there are several teachers and subjects that I liked very much. For example, Digital Graphics in Business. We were taught to create graphic designs, namely business elements, and attributes, such as logos, business cards, etc. Since I was a child, I wanted to draw in the digital world. I really liked this subject. This was the beginning of a new me as a graphic designer. Inspired by this, almost a year ago I founded the "Dali" studio of graphic design, branding, identity. Thanks to this subject.

**ZHANARTU: We see that it was easy for you to combine excellent studies and active student life. Did you have time for internships or work in the field of IT or business?**

— Yes, studying was quite easy for me. I had a good background at school: I participated in various competitions in mathematics and computer science. Therefore, I have developed my technical skills quite well. Thanks to this, I was able to close all IT-lectures with As.

I wanted to practice my knowledge as soon as possible. In 2018, I opened my own school of robotics for children from five years old. I made an agreement with ten kindergartens and two private schools. Unfortunately, the project had to be closed due to quarantine. Also, I worked on several startup projects together with my team from the university. As usual, some of the startups worked, and some did not. However, I do not regret it at all, because I have gained a lot of experience in various fields.

During my studies, I managed to work. I worked as a project manager at the Halyk Bank. I worked on many projects, ranging from creating an idea to the presentation and final implementation of the product. By the way, the products we worked on are still in use today. In addition, I managed to try myself as a tester of the mobile application “HomeBank”, where I worked on improving the effectiveness of the application.

**ZHANARTU: Tell us about the BISB program and your impressions about KIMEP?**

— In general, my opinion about KIMEP is only positive.

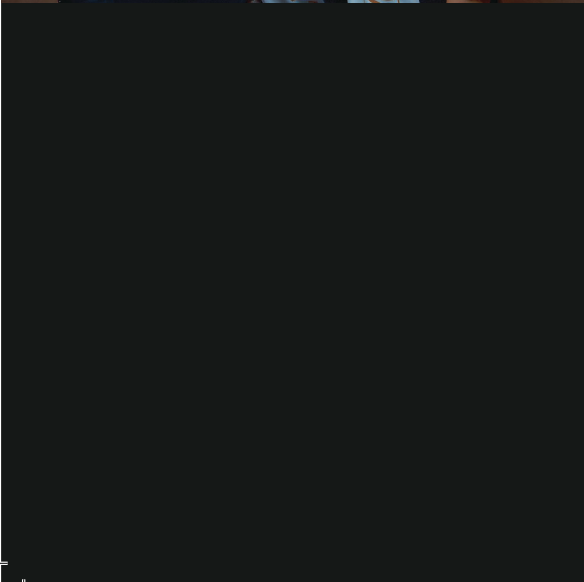

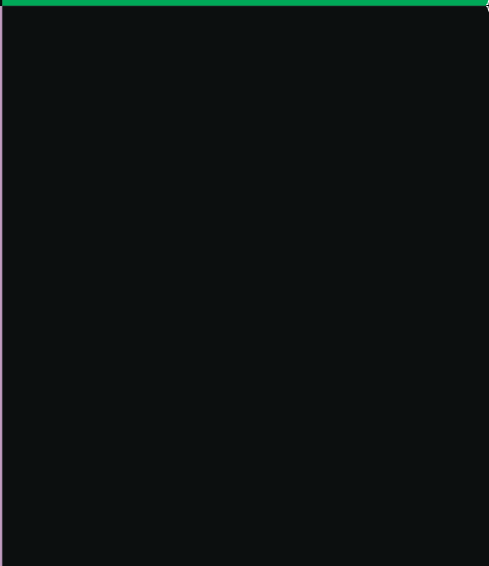

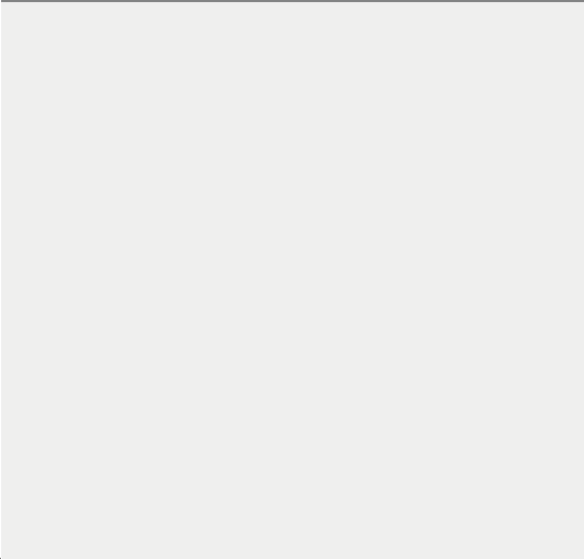

After school, I had a choice between KBTU and KIMEP. In my case, KIMEP gave me more interesting opportunities. I knew that I wanted to work with startups in the future. Fortunately, KIMEP announced a brand-new program “Information Systems in Business”. And I do not regret my choice at all, because the system and quality of education at this university have always been at the highest level. There is no division into groups, and this gives a good opportunity to communicate with different people. For example, as a freshman, I had friends and acquaintances from the fourth and other courses, since we had the same selective subjects.

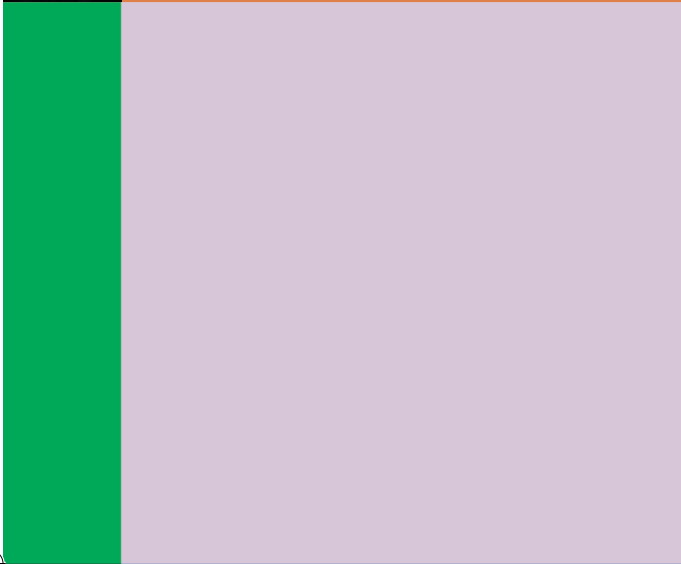

Unfortunately, last year all students had to study online because of the pandemic. But KIMEP gave me diverse student life during the time I spent on campus. It was interesting and exciting. Thanks to student organizations. They made student life at the university more interesting with their intellectual and useful activities. For instance, I was a member of the “Enactus” student club, which engaged in various projects in social entrepreneurship.

**ZHANARTU: And what are your future plans now?**

— After the successful launch of the COVID-19 project, I joined the “U: projects” organization, and with the president of this association, we founded the “ThePoint” venture fund. The fund includes a business incubation and acceleration program, we are engaged in startups in our region.

In November 2020, together with our team, we held a “U: hack” online festival of innovative ideas. More than 1,500 participants and more than 500 projects participated. The prize fund was 5 million tenge. As part of the festival, we selected the top 20 projects and now they are undergoing an incubation program at ThePoint. To be precise, I am currently engaged in IT consulting, advising entrepreneurs, and assisting to find IT-business solutions. The “Dali” digital studio is also an active business and one of my hobbies in digital design.

Graduates' Memories	20-27

# CONVOCAATION ID 17

Convocation is the first event for every KIMEP student, which is held on Campus in the middle of September. This event is dedicated to the beginning of the most fascinating, interesting, and unforgettable period of life when every human being makes choices and creates memories, which direct their entire lives. The main part of every Convocation ceremony is the Promise Speech, which is given by every student. They promise to always seek knowledge, reach the highest achievements, and respect their professors and other students. This part of the ceremony is followed by the oration

of Dr. Chan Young Bang and the KSA President.

After the Promise Speech Ceremony, students have a good time on campus, participate in different activities, and dance during the concerts of performance-oriented student organizations and famous local singers. After that, freshmen attend the After-Party event, which is organized by several student organizations. High goals and values, and celebration of life with friends is the best way to start this adventure. Because a good student life beginning makes the whole student life good.

# COMMENCEMENT

Commencement is the event, celebrating the first-year students of KIMEP University and praising the eternal energy of youth and emotions. This event is held to help freshmen students to feel the power of unity among each of them and to pave the ways of friendship, which will be continued even after Graduation.

Commencement is organized by the senior students of student organizations to dedicate freshmen to the student life at KIMEP University.

During this event, freshmen participate in different challenges and games and dance to the music of international famous singers, local stars, and student bands. Another major part of this event is the choice of Duke and Duchess among freshmen students. They choose the brightest and talented pair of students, who will then win different prizes and such significant status. Graduating students from Class 2021, who held the title of Duke and Duchess, are Azat Taizhan and Arnela Begaliyeva.

# SOPHOMORE ID 17

Sophomore is the party, dedicated for second-year students, who have already gained enough student life experience but still hold a lot of energy inside them. This event is usually organized by freshmen students to pay respect and praise for the achievements of the sophomore students.

At this event, sophomore students take part in different activities, games, and contests and have a

good time to the musical accompaniment of popular singers and bands from student organizations. In the middle of the party, organizers of the event announce the results of the voting for Lady and Gentleman, the most unique and outstanding second-year students. Graduating student from Class 2021, who held the title of Gentleman ID17, was Abay Zhangaziyev.

# HOMECOMING

Homecoming is the event, timed to the 25th Anniversary of KIMEP University and held on October 7, 2017, on Campus. This event was the intermittent line, highlighting 25 years of successful work and contribution to many generations of citizens, who built and are building the bright future of our country and humanity at all. Many outstanding alumni students participated in this event, proving the high quality of education and experience provided by KIMEP University.

This event was followed by concerts, performances, orations, March of countries and organizations, and many other entertaining activities, which left a huge amount of memories for current and alumni students. Homecoming is not only the final point for 25 years of success and high achievements. It is the starting point for the future goals and objectives for future generations of students, who will represent KIMEP University on the national, international, and global spheres.

## **Assel Sarbassova**

Bachelor of Accounting and Audit

*It has taken me ages to gather my thoughts on upcoming graduation properly. Of course, I have realized that these are my last semesters at KIMEP, yet the tingly sensations have recently struck me on my way to the subway station. This vague sense of fear, uncertainty, and excitement has overwhelmed me. Nevertheless, while reminiscing on my university adventures, I felt blessed by having the tremendous amount of opportunities that KIMEP has given me throughout these years. It has started with a little mousy thing entering her first ARW I class, and here I am now being a totally different person. KIMEP has given me everything that I have never even dreamt of. Being a part of Kazakhstan English Language Theater as a stage manager and KIMEP Accounting and Finance Club as a president has made the whole experience brighter because both of these organizations have ended in loyal friendships, extremely useful personal and professional experiences, and valuable memories that are close and dear to my heart. I will definitely miss the academic atmosphere of my beloved Alma mater, the thrill of submitting the assignment at night just before the deadline expired, the fun I got while working on group projects or case competitions staying at Fun Club or Double A Coffee.*

*My university years at KIMEP have taught me a lot of important things, but I want to mention two main points. First of all, remember that life is cyclical. It is absolutely fine to have both ups and downs, it makes the whole experience richer. Do not take each step done by a fortune too seriously, there is always something better waiting for you out there. Second of all, hard work always pays off. Every effort counts when pursuing the ultimate goal. I have never been the smartest or the most talented one, but I have always been buckling down with a "beast mode" being constantly on. Therefore, do not even think of giving up on what is important for you.*

*To conclude I would like to thank my dearest family for being my biggest cheerleaders even in the darkest times. I also want to give a special shout to Aydana Balmagambetova. Gurl, I wish we would have graduated together. Huge thanks to Jamelia Zakarina, Yenlik Utebayeva, Moldir Muratkhan, Dinmukhamed Niyazov, Arman Turgayev, and Bahytzhan Maidanuly for being there for me.*

*Never forget how wildly capable you are. I wish you the best of luck!*

Wow! So, 4 years of my student life have flown by. Looking back, I understand what a fascinating, productive, and enlightening path I have traveled. It is interesting to remember from the very beginning...

It was a typical summer day, March 26, 2017. At lunchtime, my phone receives a call, and literally a minute later I freeze with happiness. A voice spoke the following words into the receiver: - Dear Azat, congratulations! You became a finalist of the program and received a 100% scholarship from KIMEP University! Then, everything all started.

I remember everything: the moment when I first walked into the university, walked around the campus, made friends, and won various competitions. In 4 years, I managed to become the Duke of 2017,

be in the organizations "KIMEP Friends" and "Enactus", become a deputy of the student government, become the winner of "Stars on Ice 2019", create a new student organization "Mountain Kings KIMEP"; and much more.

Thanks to my alma mater, I really grew up, I was able to build the foundation for my successful future. I learned a lot here, and I owe a lot to this place. I am sure that gratitude and memories of KIMEP will be with me throughout my life.

I want to thank all the teachers, staff, administration, and all the students with whom I crossed paths and had the opportunity to make common memories.

"Always believe in yourself, in your dreams and goals, and strive for them. They need you more than you think."

*It is always hard to explain everything in a small number of words. Especially, for a lawyer.*

*Since I personally strongly believe that I did not receive the honor to be represented on this chapter of the Yearbook 2021, I want to thank lovely all my colleagues, friends, and professors for one of the most interesting journeys in my life. Years spent at university will be remarkable ones and always be recalled with the warmth, laughter, and constant insomnia received after preparation for the exams. The only thing which is going to bother me in the future is that I will not be able to live those years once again. It has been an honor to be a member of the various organizations at KIMEP University, this experience helped me to strengthen my skills and develop strong relationships with one of the most ambitious and smartest students in the country. I really wanted to name all the people in these lines who helped me and taught me everything I know now, but it definitely would take several pages and all the words available in human language cannot describe how these people played a huge*

*role in me.*

*Since my first year at KIMEP, I have always tried to help others with the very little knowledge I had, now after four years of continuous work and studies, I understood how our profession might be important for someone, and someone even vital. People all around the country are facing injustice, corruption, and negligence in all possible gross forms. As a new generation coming to this world we need to put all our knowledge, experience to eradicate those vices of non – efficient system.*

*This university gave me all necessary to come to this world with the confidence and understanding of the mission, the most interesting awaits ahead and it will be definitely a new journey and a new challenge. Thank you everyone for being with me.*

*Many thanks to the next organizations, it has been an honor to make projects together:*

*KIMEP Friends, KAFC, KSA, AIESEC.*

*And separate and warm thanks to my brothers and close friends: Danil Zakharov and Bakhitzhan Maidanuly.*

*It's hard to believe that I'm about to finish KIMEP, that 4 years have passed so quickly and imperceptibly. It would seem that only recently I sat down for the first time at a desk in the new building, dreaming of fulfilling my desires and goals, and today I am preparing for the final exams with a huge experience that has made me a person. Today, looking back, I can confidently say that even if something did not suit me, somewhere I was outraged and upset, KIMEP gave me more than I could have imagined.*

*Since the first year, I was an active student: I was a member of the KFI student organization, then I decided that I wanted to participate in projects more than organize them and tried my hand at KIMEP TOP MODEL, MISS KIMEP. And although I did not take the winning places, participation in such projects taught me to make new useful contacts, and most importantly to understand myself as a person. Understand who I am, how I want to be seen by other students, what should I do to become the best version of myself? I realized that healthy competition is a good motivator for me and integrated it into my daily life.*

*I am a good student, it does not sound modest, but I think my teachers will agree, I try to get as much knowledge as possible, and most importantly, learn how to apply this knowledge in practice. However, I need to develop not only in educational processes, but also in communication, and my goals. What the experience gained at KIMEP helped*

*me unconditionally. For those who know me, it is no secret that I have always dreamed of becoming a TV presenter, a journalist. Therefore, from the first year, I was a volunteer at all events held by the university. I filmed interviews with prospective students, was a presenter on Orientation day, Nauryz, Women's Day, Commencement ceremony, moreover, together with the teacher of our faculty, I taught a lesson for Sunday class. I am grateful to KIMEP for the opportunity to lead such important projects, for the first time in my life on the University's territory. The experience gained gave me a chance to find my dream job in the second year of studying and get a job as a TV host on the Atameken Business Channel, and a year later on the Setanta Kazakhstan TV channel.*

*Today, being two steps away from graduation, I can say with confidence—dreams come true! The main thing is to believe, try and go on the way to your goal. I'm going to miss meeting my friends on campus, I'm going to miss our perturbations on a bunch of homework, I'm going to miss KIMEP and all the incredible fun adventures associated with it. But I go out with my head held high, I have experience, best friends I've made on campus, and a lot of motivation and desire to change the world because I know for sure that we are all, KIMEP graduates - committed to excellence.*

## **Yeldar Muratkhanov**

Bachelor of Marketing

My time at KIMEP is so crazy! A long and fun way from regular student to Zhanat Syzdykov's rusalka, being an assistant of the greatest professor Mira Nurmakhanova and becoming a top president of the best organization of our university KIMEP PIE.

The story with KIMEP started a little earlier than in 2017. When I was at high school, in 2013, I took general english classes here and then IELTS preparation, however I never thought that I would study here. It lasted for 3 years until I graduated from school. I remember that I liked the atmosphere that the university was saturated with, inside the campus, in study rooms and halls. It just felt good when I was coming to my english classes and I thought wow it is so cool, so light, so funny and students seem very happy to me and that was surprising, especially after school classes, where all people are usually unhappy and tired lol. This specific aura: students waiting in the hall ways, having lunch, laugh and study together is everything, but again, I never had a thought that I would study here.

I always remember anything by emotional condition at the moment. So my most enjoyable and probably interesting year was the first one, when we all just entered to KIMEP. You simply do not know anybody, everything is new, you do not know how to act and what to do. The orientation day was pretty much stress for me, because deep inside I am shy and closed (nobody will believe it, I know). It was a time when I was so nervous. Thanks to kazakh classes, our group was so

friendly and kind, we still friends with some people till this day. During the first fall semester I was not brave enough to join any student organization and that lasted until spring, when I decided to be a part of the sweetest PIE in my life. I got a lot of new people, support and fun. Never ever thought that I become a president of this great organization and one of key figures at KIMEP. KIMEP PIE will always have special place in my heart. I put my blood, sweat and tears in perfecting my team, had enough power, leadership skills and sense of responsibility to lift this organization from the ruins, building a good working system and made it popping, returned to the top, and even higher than it ever has been. It become a standard today which others started following and I really proud of that.

During these four years there were various situations, many love and hate, millions of midterms, final exams, sleepless nights, but at all, I have only positive emotions and memories. Organizing different types of events, magazine production, earning different grades, developing communication and many other skills, becoming popular and getting more new people in my life is such a blessing.

I hope we all won't flop and everything will be great! I truly love all people that were involved during these years and wish them the best! Stay strong and keep making it! Thank you KIMEP for these time, friends, useful knowledge and just for everything!

*Welcome. We are graduating.*

*It has been a long four years and a short period of life. Long because of all the drama and loads of homework, boring readings and early-morning final assessment reports that KJMEP hit us with. Short because of the lifelong friendships, lasting memories and truly interesting and amazing things we have learned between the occasional bits of drudgery.*

*Good or bad, long or short, I will always remember this place.*

*\*REMINDER\* (to all KJMEPians):*

*You can be the greatest, you can be the best  
 You can be the King Kong bangin' on your chest  
 You can beat the world, you can beat the war  
 You can talk to God, go bangin' on his door  
 You can throw your hands up, you can beat the clock  
 You can move a mountain, you can break rocks  
 You can be a master, don't wait for luck  
 Dedicate yourself and you gon' find yourself.  
 Standing in the hall of fame,  
 And the world's gonna know your name.*

*My way of writing this text was really long. I had no idea what to write about, what to tell, because I still can't believe that my student life is coming to an end.*

*Frankly speaking, as probably many people after graduating 11th grade, my plan was to go abroad and study somewhere. I even did not know about KIMEP University until the day I entered it. But now I'm really grateful to my parents for where I am and who I am. It seems like only three years but at this point it is the most important three years of my life.*

*Since entering, it is as if I have been able to see the world from a different, better perspective. Lots of acquaintances and friends, incredible experiences, new interests and areas that I was able to explore little by little. The campus became our second home, the arch and the Checkpoint was our meeting place, Great Hall was our stage where everyone was a kind of star, and the Fun Club and sofas at Starbucks were our cafes. I could just go on and on about the good things I got out of university.*

*However the most important for me besides studying is that I really had time to experience those «best student years».*

*Undoubtedly, in Kazakhstan nowhere you will not enjoy a more bright and saturated student life as in Kimep. In just three years I managed to be Vice-President in one of the largest organizations Kimep Friends, to become president in Kimep Independent Student Association, to become a member of the amazing Stars On Ice project and even to sleep in the Student Government. All of this has undoubtedly played a big part in my growing up and personal growth.*

*To sum up, I would just like to say a huge thank you to the university, our Dr. Bang, the teachers, the staff, and of course the students with whom we went hand in hand, for the opportunity to study in such a kind and cool atmosphere. Well to all of you reading this, I wish you continued success and never give up!*

*Peace to all 🙌*

It seems a lot to be said, but, perhaps, there are not enough words to describe everything that I feel.

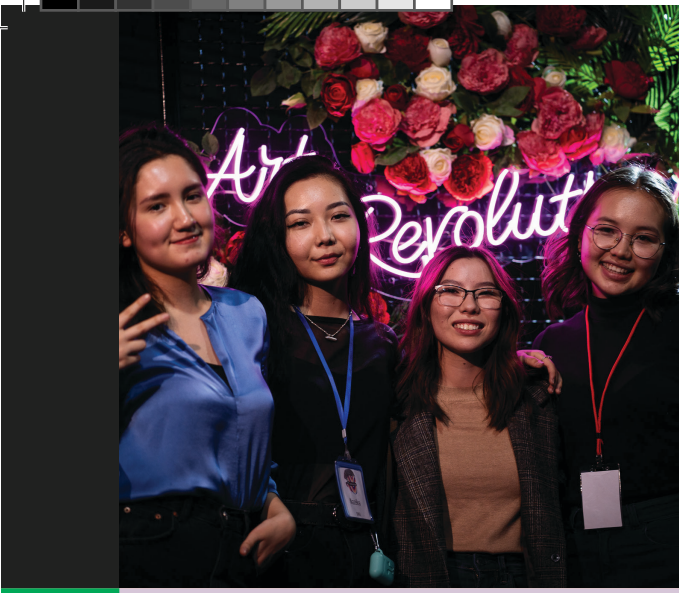

My three years of study here flew by much faster than I would have liked. And despite it, these three years have been quite busy. I made many new friends, learned a lot, was part of student organizations, and even led some of them. Indeed, the university gave me an unforgettable experience and many pleasant memories. I am sure I will remember the warm summer evenings which we whiled away at a table near the dorm for a long time. And how many stories there were associated with the 513B room. I definitely will remember all those projects born there, all those cozy evenings, and of course, all those trolleys I chased afterward.

What to say about 108 NB... It was the greatest semester of mine, for sure. I'll keep in heart all those meetings, morning tea, personal shelf, amazing events, and the coziest evening talks.

I would like to sincerely thank the people who I can really call my family for these memories. Thanks to Art Rev, who I grew up with, thanks to Geeks I raised, and of course to the individuals from KAFC and Times. I am who I am, thanks to you.

To those who graduate with me, I wish you good luck and all the best. I hope our paths will cross a lot in the future. And to those who are still waiting for this, I want to wish you energy and patience, and of course, enjoy the remaining student years to the fullest.

Don't cry because

## STUDENT ORG

Art Revolution is a creative student organization at KIMEP University. Founded in 2014 by enthusiastic students, our organization is committed to developing itself in three areas: photography, music and visual arts among young people. Our creative association has more than 70 talented artists, photographers, videographers, musicians and editors in its ranks, as well as, each of us makes a significant contribution to the development and promotion of other participants. During its activity, the Art Revolution has held six exhibitions and five city-scale music festivals, each of which was charitable, and also participated in inter-university and city events.

Kimep Independent Student Association is one of the oldest organizations in KIMEP. It was founded in 2006 and since then we are doing our best to promote it. The target of our organization is a charity that is embodied in a major event called "MISTER KIMEP". Every year KISA organizes this event to unite male students of KIMEP and give them a stage to show their talents.

KIMEP Art & Dance Association was created in March 2010 to unite talented people, who are interested in music and dancing. KADA team has departments of musicians, singers, dancers, and organizers. Our members usually perform at university events and charity concerts. We make up our performances by mixing different styles of music and dances.

KIMEP FASHION INDUSTRY is the most fashionable student organization in KIMEP University. KFI was formed in 2016 with a mission to inspire students, give them a sense of beauty and a chance to improve themselves. That is why KFI organizes two major events: Miss KIMEP and Top Model.

**KIMEP FRIENDS IS AN ORGANIZATION WHERE EVERYONE IS A MEMBER OF A LARGE FRIENDLY FAMILY, WHICH IS KNOWN NOT ONLY AT KIMEP BUT THROUGHOUT THE CITY. EVERYONE WHO JOINS OUR FAMILY DEVELOPS NEW ABILITIES, LEARNS NEW THINGS, BECOMES SOCIABLE, AND CEASES TO BE SHY. DESPITE THE GOSSIP AND RUMORS ABOUT OUR ORGANIZATION, THIS DOES NOT PREVENT US FROM BEING THE BEST AND MAKE THE NOISIEST PARTIES. HAVING VISITED OUR EVENTS, YOU WILL NEVER FORGET THEM.**

KIMEP UNIVERSITY #1 BRAND SINCE 2008. A SIMPLE STORY, WHICH STARTED WHEN 4 FRIENDS DECIDED TO CREATE A LITTLE FAMILY INSIDE THE UNIVERSITY, AND NOW IT IS AN EMPIRE OF 1500 WHO HAVE TAKEN A PART IN BUILDING KIMEP PIE. ORGANIZING MORE THAN 5 EVENTS EACH YEAR AND MANAGING THE FIRST-EVER STUDENT MAGAZINE IN KAZAKHSTAN MAKES KIMEP PIE WELL-KNOWN FOR ITS PROFESSIONALISM, DISCIPLINE, AND MEMBER SUPPORT. ORGANIZATION EXPERIENCE COUPLED WITH THE NEW MANAGEMENT TEAM ALLOWED KIMEP PIE TO DICTATE NEW RULES OF THE GAME FOLLOWED BY MANY OTHERS. ACCENTING ON QUALITY KIMEP PIE HAS ITS OWN FORMULA:  
BRAND + FAMILY = EMPIRE

## KIMEP TIMES

KIMEP TIMES is an Independent Student Newspaper, publishing from 1995. In our issues, we cover various topics, starting from KIMEP University News and Events and ending with lifestyle articles. Moreover, we organize special free events, such as Poetry Nights and Open Mics, when students and guests can express their inner feelings. KIMEP Times is not only for journalism students but for many others, including faculty members. It is the opportunity for them to show what they have on their mind and what questions they want to discuss in the form of words and illustrations.

KELT is a KIMEP English Language Theatre, one of the oldest student organizations at KIMEP. It was established in 2001 as a small theatre club with the purpose of English language promotion. Today KELT has reached the city level and became a community theatre. Its productions take place either at KIMEP or on big stages outside the university. The number of actors varies depending on the production. Approximately 50% of the cast are KIMEP students, graduates, and faculty members. KELT calls up all graduates to join it! Even after graduating, many students stay in theatre, make a lot of contributions and have fun, some of them even find love!

Kimep Accounting Finance Club) is one of the few organizations that was founded in 2010. In our case, we manage different events from the business companies and learn new things in business and finance. Moreover, we organize free events such as "The Smartest Guy In The Room" to show how erudite our students are. Moreover, there are a lot of events from various companies where you can get an internship and employment. Anyone interested in finance and business, regardless of which program they are in, can join the Kimep Accounting Financial Club. This is an opportunity to find like-minded people and learn new in business and finance

KIMEP Intellectual Debate Club is the place where students strive for knowledge. In our club we love to seek the truth through hot debates, we love to set challenges and overcome them. The desire to be the first one drives our club members to new victories, excitedly competing with each other. For us, the debate is the powerful tool of the development of leadership, personal qualities, oratory skill, and core strength. Certainly, for us debate is the place of similar-minded people, who constantly motivate each other to grow as a personality. We are always glad to welcome new faces, regardless of their experience and oratory skills.

KIMEP Legal Clinic is an academic student organization of KIMEP University, founded in summer 2012. KIMEP Legal Clinic team's mission is to unite the legal society of the Republic of Kazakhstan, improve the qualification of students of School of Law, increase the visibility of KIMEP Law School, and contribute to the establishment of civil society by increasing the level of legal literacy of Kazakhstani citizens. Our team members are guided by the idea of spreading respect towards law; we are united by the love of Justice and Freedom. We hosted numerous clubs together with professors (Legal Book Club and Legal Movie Discussion Clubs), open lectures, and panel discussions. A lot of important topics were raised during discussions, for we praise every single opinion and want to establish a platform for the active exchange of experience and knowledge between practitioners, scholars, and students. KIMEP Legal Clinic is all about bright, ambitious students who are committed to excellence. We believe in the supremacy of justice and law. And you?

Buddies of International Students (BIS) is the only international student organization within the KIMEP University. It was found in late 2015th. It is a home and a warm family for more than 200 students among which there are both current and graduate students. The organization aims to guide our international students in a new country, new environment and contribute to the network relationships with local students. BIS organization is one of the most active student communities that organizes events for students throughout the whole academic year. We have a "Welcome Party" at the beginning of each semester, as well as the "Farewell" at the end. There are two more events that we usually organize, these are Nauryz Party, and International Students Day (ISD), where students mainly represent their cultures while having fun in a really vibrant student event. Our organization is one of the biggest in KIMEP now. And our community is always happy to welcome our newbies! There's a lot to explore as a member of our organization, as we try to represent our University/country culture while trying to engage with the representatives from the rest of the world!

**KIMEP ASSOCIATION  
OF SPORT DEVELOPMENT**

KIMEP Association of Sport Development (KASD) is a sports organization, founded by students of KIMEP University on October 8, 2012, whose main mission was to promote a healthy lifestyle and the development of cultural leisure among the young generation of Kazakhstan by involving them in cultural and sports projects. The high responsibility, unlimited creativity, vast experience in organizing projects and advertising campaigns of different levels of complexity, which are inherent in the members of our association, as well as special corporate ethics, make us the leading student organization of KIMEP University.

KASD managed to conduct various sport events as the Basketball Cup, Football Cup, Tennis Tournament, Ping-Pong Tournament, Freshman Picnic, Kicker Tournament, Horse Riding Day, and of course the major one, STARS ON ICE.

KIMEP GIFT is a nonprofit charity organization, established in 2019. Our members from the Education Department visit once a week Orphanage No 1 in Almaty to teach Math and English. At the end of the study, we organize a huge party for our students. Charity fair has raised almost 180 thousand tenge. The money was divided between two boys who needed material support for surgery and rehabilitation. Random acts of kindness are extremely important and should not be limited to family or friends. By practicing acts of kindness spontaneously, a person has the power to change the way people see and experience their own life. Such action is needed in a progressive society and KIMEP Gift is the organization created from a series of good things. Our main purpose is to convince the audience to act through compassion and inspire others to do the same.

**KIMEP CINEMA  
PRODUCTION**

KIMEP Cinema is a student organization, founded in 2016 that specializes in video-making. We are a close-knit team of devoted creators, who create short videos, study cinema for fun, and actively collaborate with a wide range of customers – both inside and outside of KIMEP University. Hardened by time and rallied difficulties, our creative team has both the skills and creativity to implement the most daring cinematic ideas. Our family is always ready to welcome new members who love cinema, ready to face new challenges, and want to realize their cinematic fantasies.

**GEEKS**

KIMEP GEEKS IS A CREATIVE GEEK-CULTURED STUDENT ORGANIZATION, WHICH WAS RESTORED IN 2018. FOCUSING ON ORGANIZING OPEN-AIR AND IN-CLASS FILM EVENTS, QUIZZES, BOARD GAME TOURNAMENTS, AND VIDEO GAME COMPETITIONS, KIMEP GEEKS IS AIMED AT DIVERSIFYING THE BORING EVERYDAY LIFE OF STUDENTS AND BRINGING IN A BIT OF FUN AND NOSTALGIA FOR CHILDHOOD.

*In March 2020, World Health Organization gave coronavirus status of "pandemic" and the whole world got stuck in quarantine, including our University. Students were forced to switch to distance learning and this situation is still going on. This pandemic resulted in an empty Campus, lack of events, including Graduation Ceremony, and weakening of connections between students.*

*However, KIMEP University and our student association did not put their hands down and tried to do their best for recovering a positive atmosphere in studying and student life for everyone. Many online sessions and conferences, interesting contests, and online events were organized during the last calendar year to support students and hold their sick for knowledge, achievements, and new experiences. Some other KSA organizations followed all sanitary norms and organized small offline events, especially for freshmen students, to help them with adaptation in student life. We all struggled during this pandemic, but it only made us stronger and wiser.*

*Dear Graduate Student from Class 2021, we made this Yearbook not only for collecting all your memories from these student years that will warm your heart in the future. We made it as a memento for you that you graduated from KIMEP University during hard times when your main mission was to be clever, patient, and purposeful. If you are reading this message right now, it means that you completed this mission. Congratulations! And good luck with future beginnings!*

# KSA CABINET

(KIMEP Student Association)

KIMEP Student Association (KSA) represents the interests of students to the KIMEP University administration. Each year students elect new KSA Cabinet members. This academic year's KSA elections took part on November 10th, 2020 through an e-voting system on a distance basis. The turnout of this year's elections was 25%. The composition of the KIMEP Student Government during the 2020-2021 academic year was the following:

**President of KIMEP Student Association** – Shynggys Amirkhan.

**Vice President of Administration** – Sanat Koshen.

**Vice President of Finance** – Dinmukhamed Niyazov.

**Vice President of Sports and Culture** – Saddam Valiev.

**International Deputy** – Nilufar Nematova.

**Graduate Deputy** – Aliya Baikuat.

**CSS Deputies:** Tomiris Bateyeva, Assel Muldagaliyeva, Aidana Kasymbayeva.

**BCB Deputies:** Alikhan Nurgazinov, Abylay Nurtayev, Yuliya Khvan, Ainash Amanzhanova

**LLB Deputies:** Azamat Kinzhitayev, Jasmine Kaliyeva, Balzhan Sultanova, Adil Khan Utesbayev

**CHE Deputies:** Alisher Sadykov, Assel Mukhamejan

On November 17th, 2020, KSA Inauguration Ceremony took place remotely on Zoom session. Mr. Kurmet Zaman, former KSA president, was invited to the oath-taking ceremony and the newly elected president addressed the acceptance speech. The student government promised to work tirelessly to protect the interests of KIMEP students until they would pass their obligations to the next KSA members.

KSA contributed greatly as an advocate of the issues and concerns of students to the administration. KSA members had voting rights on many management committees, including the Tender Committee, Disciplinary Committee, and Budget Committee, doing their best in representing the interests of the KIMEP community.

# LEGAL CLINIC 37

## Student Organization for Lawyers

The objective of KIMEP Legal Clinic is to unite the young lawyers, students of all Kazakhstani law schools, to exchange their legal experience and knowledge. Moreover, the Legal clinic provides legal aid to socially vulnerable people free of charge. Law School students offer legal services in civil, administrative, family, and labor law under the supervision of faculty members.

### THE MISSION OF THE ORGANIZATION:

1. To unite young lawyers of Almaty.
2. Exchange of experience and knowledge.
3. Increase the recognition of the KIMEP University School of Law.

### KIMEP MOOT COURT CLUB

It is a student club, the main goal of which is to increase students' legal literacy through annual demonstration trials. Annual Dean's Cup was held by the KMCC on November 25th, 2019. This competition is intended to stimulate the study of Civil Law and to let students apply their oral skills combined with knowledge to resolve disputes.

### READING CLUB

Students of any major and faculty members are welcome to attend weekly Reading club meetings. Discussions of books in the fields of philosophy, law, history, and journalism.

### LEGAL TEA

The purpose of this project is to discuss interesting legal topics in an informal setting. One of the two Legal Tea sessions each month is dedicated to Case solving. Real suits and difficult cases are explained by a qualified practicing attorney. Every participant has a chance to become a judge for a short time and guess the decision!

### LEGAL LITERACY

School visits to improve the legal literacy of schoolchildren by giving lectures on civil, administrative, labor and family law by senior students of the School of Law.

### GUEST LECTURES

KLC invites professional lawyers to deliver lectures on interesting legal topics, as well as share their experience to improve legal literacy among students of KIMEP University.

# MISTER KIMEP

by KISA

An annual Mister KIMEP contest usually takes place in December organized by the KISA organization. This outstanding event leaves more than 500 guests breathless each year. For a title of Mister KIMEP fight from 9 to 12 participants. They rehearse for 2 months taking dancing and preparing their own unique performance.

The show consists of general performance and personal performance.

The topic of each Mister KIMEP is different. The latest ones were Films and Celebrities. Due to covid situation last year the event was canceled. However, KISA hopes to host an event this year in the Fall semester.

**Graduating participant of 2020:** Eldar Muratkhonov.

**Graduating participants of 2019:** Alnur Mukhtarov, Yersultan Zhaksylyk, Boris Kim.

# MISS KIMEP 39

by KFI

An annual Miss KIMEP event is not only about a beauty contest, it is more about talent, charisma, and intelligence competition. It is an event in which from 9 to 12 participants fight for the title of the Miss KIMEP showing each a unique performance. During preparations, they learn new things and find new friends. Usually, it takes place in November gathering the whole Great Hall and uniting all KIMEP Students.

The show consists of a: general performance, personal performance, and a fashion show.

The topic of each Miss KIMEP is different. The latest ones were Countries and TV series. This year the KIMEP Fashion industry decided to host an event

in an online format with the topic of Music. One of the contestants is currently in another city, but this year the distance means nothing in participation. Each year this great show attracts many sponsors and an honorable jury. This year Kiehl's, as a Loreal franchise, sponsors the main prize for the winner of the MISS KIMEP competition.

**Graduating participants of 2021:** Aruzhan Assyl-khan and Margarita Gaziyeva.

**Graduating participants of 2020:** Ayana Bexultanova, Polina Bulava, Arnela Begaliyeva, and Aruzhan Akjarkenova.

**Graduating participants of 2019:** Aisha Akhmedova and Kamila Khalikova.

Every semester many international and exchange students from a lot of countries come to our University for studying and learning our beautiful and rich culture. To make their adaptation and semester itself more eventful, the "Buddies of International Students" student organization in collaboration with the International Office organizes

several trips for international and exchange students to introduce them to the beautiful nature of our country. Moreover, these trips help them to dive into different cultures and traditions, building connections with each other and creating memories for their entire life.

The last trip before coronavirus was held during the Fall 2019 semester, when students visited the Nomad ethnic center, one of the most unique and ethnographic complexes at the foothills of Ushkonyr, next to Almaty. All our international students witnessed all colors of rich Kazakh culture, watched

the special concert, met the national cuisine, and played traditional Kazakh games. This event left many interesting and unforgettable memories for our exchange students, which they will spread in the future in their home countries.

# STARS ON ICE 41

by KASD

Being the prototype of the American ice show "Stars on Ice", the project is the only one of its kind in the CIS, the participants, and organizers of which are students. For three months, 13 couples, led by professional trainers, have been preparing an unforgettable show, which they ultimately demonstrate at the final performance. A lot of hard

trainings, unforgettable memories, and moments of overcoming physical and mental abilities result in a final moment of beautiful performances inside a huge ice arena.

The participants are the most creative and active students of prestigious universities in Almaty (KIMEP, KBTU, CDS, AlmaU, IT University, UIB, AUES, etc.).

# SPORT EVENTS

Apart from "Stars On Ice" and "Day Ice Skating", KASD and Sports Center organize a lot of different sports events, including Presidential Ping-Pong Cup, Football, Basketball, and Chess Tournaments, and many other competitions. These events are

organized to support physical conditions, spread sport values and create a competitive spirit among students. Some of the competitions, like the Presidential Ping-Pong Cup, reach the city level with huge prizes and status.

Moreover, many of our students achieve great results on local, national, and international levels, proving the high level of sporting conditions of students. Sports events are not only the competitions of students to recognize, who is faster, higher, and stronger, but also the celebrations of life and sport, when many people get together with one purpose: praise the beauty of sport.

# ACOUSTIC NIGHT

by Art Revolution

During the pandemic, student events and activities were forbidden or rescheduled. However, with the easing of quarantine measures, some organizations held events following all sanitary rules. One of such events was Acoustic Night by Art Revolution. It took place on March 10, 2021, in "Transforma" theater with limitations of 50 people. Despite the small size of the event, it was warm and cozy, where everyone shared with each other strong emotions and feelings. Art Revolution members with guests from the KADA band performed over 20 songs

in different languages, creating a lot of memories for the audience and viewers of Instagram Live.

"Acoustic Night" was organized to recover the warm feelings among students, which they have been receiving before the pandemic, and give hope that everything will be better in the future. Such events, followed by every sanitary norm, are important during such crisis situation for creating great memories about student life for graduates and current students

# OPEN AIR 45

by KADA

Every year, when spring already comes, KIMEP Art and Dance Association organizes a concert for our students with performances of their music band, dance group, and guest musicians. During this concert, members of the organization sing in different languages and dance in different styles to give energy and drive to the young audience. In addition, KADA invites talented stand-up comics to entertain the audience during breaks.

Open Air is a celebration of youth and spring. This is the time when nature reborn and people seek new emotions and feelings. With this event, students keep their minds off daily studying routine to gain more power and energy before final exams. KADA Open Air is one of the biggest and active events, which everyone must attend.

# BRAINIACS

by KIMEP Geeks

In recent years, pop and geek culture became part and parcel of everyday life, which meets in TV series, social networks, advertising, and even in education. For this purpose, the KIMEP Geeks organization decided to make an intellectual quiz, which was held at the beginning of May. During this event, guests answered different questions about geek culture, played board games, and just had a good time with each other.

Brainiacs is not only the quiz. It is the place where students with the same interests and lifestyle could communicate and have fun together, making new networks and meetings. This event, following all sanitary norms, was organized during a pandemic for students, who missed the atmosphere of student activities and acquaintances on Campus, which then will continue into strong relationships and friendship.

# SKY CINEMA 45

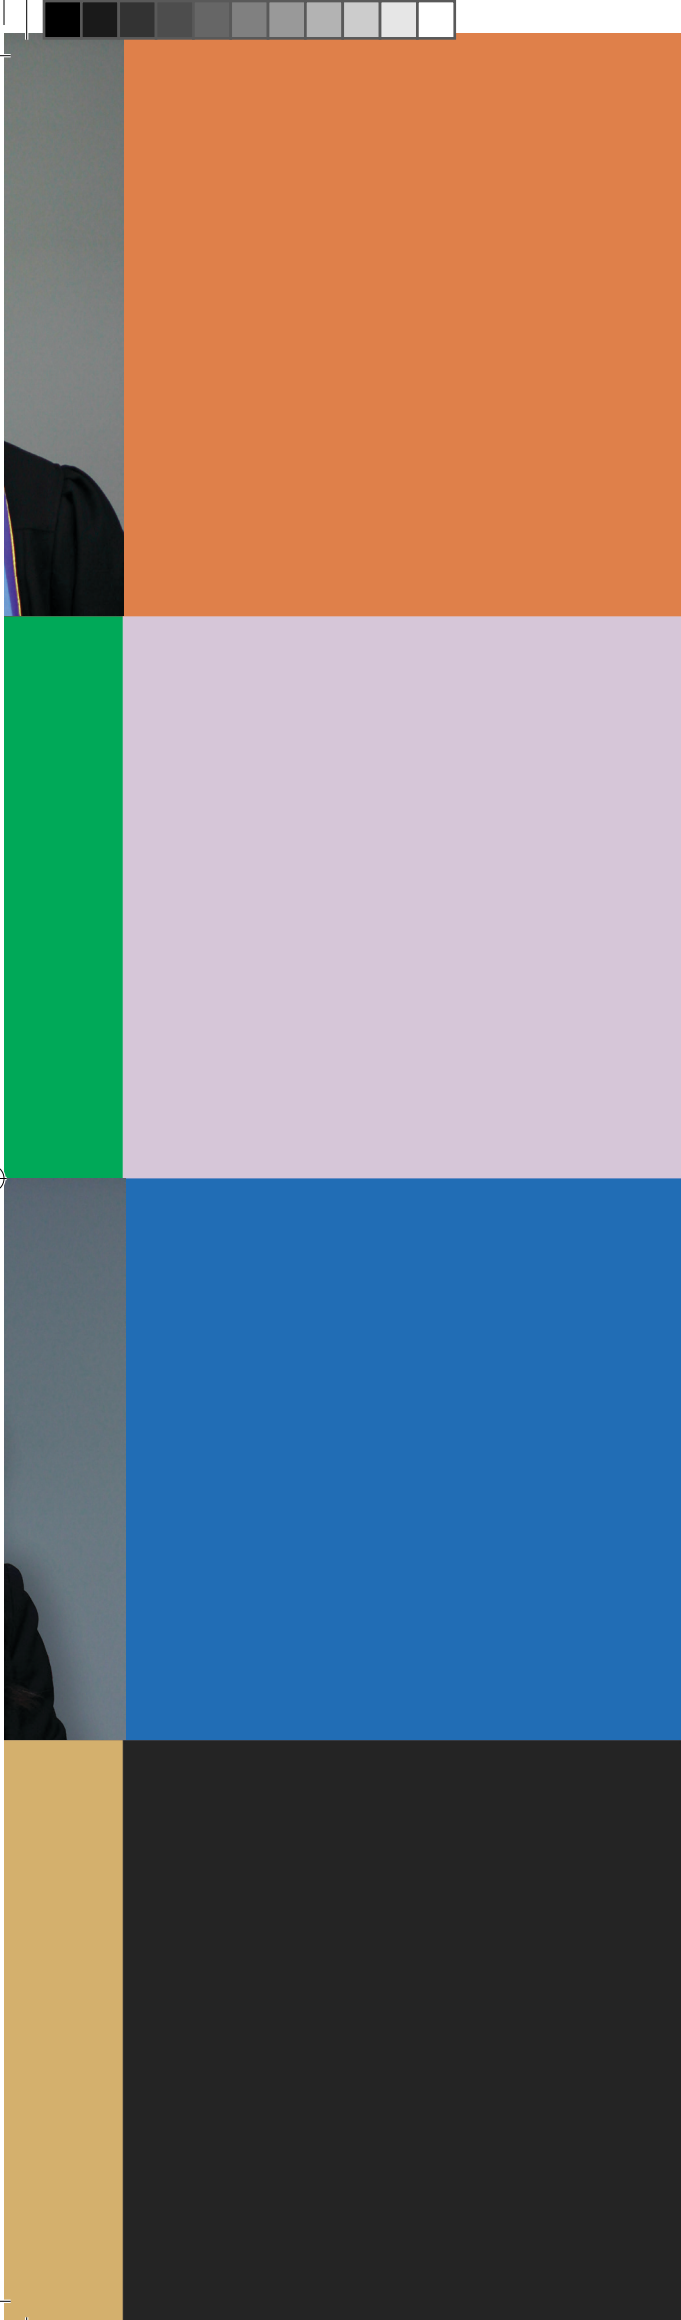

by KIMEP Geeks

One of the most effective ways to unite people, having a good time together, is, of course, watching films with friends and peers. For this purpose, the KIMEP Geeks organization holds special events, called Sky Cinema, where students and sometimes faculty members come together in the Open Air and watch different films, from philosophical dramas to horror films.

This event is usually held on the Football Field of KIMEP Campus with a big screen, powered by a projector. Besides the main part of Sky Cinema, guests also play video and board games, participate in small sports activities, and do Kahoot quizzes with special prizes. Sky Cinema is also unique because it unites not only students from different countries and ages but also faculty members, who also would like to have a good time with their students.

MESSAGE FROM THE YEARBOOK TEAM	92

*Dear Graduate Student, as we wrote in Coronavirus Thesis, we hope that this Yearbook will become a collection of great memories and moments, which will follow you during the next steps of your post-graduate life. Our team tried to put all our effort we have into that Yearbook because we hope that many years later when you, your relatives, and maybe children will find out these pages and it will make you smile and happy.*

*We want to thank every one of you who took part in the creation of this Yearbook. Every graduate student who came for our Photo sessions in Valikhanov Building and send their beautiful and interesting quotes, which made us laugh and respect your wisdom and experience. We want to thank every student organization who helps us with filling this Yearbook with descriptions and photos. We want to thank Dr. Barnett and Marketing Department Team for managing our work from the beginning, doing proofread, and helping with organizational work. Finally, Special Thanks to our coordinators, Arailym Kuderbayeva and Fariza Bekzhan, who directed and helped us during the whole process of creating this Yearbook. We could not finish this project without you!*

*Lois Lowry, a beautiful American author, once wrote "The worst part of holding the memories is not the pain. It's the loneliness of it. Memories need to be shared." So, please, share all these memories, collected in this Yearbook, with others and feel the beauty of this chapter of your life.*

*With huge love and respect, Yearbook Team:*
