

# YEARBOOK 2022

the story of those who returned against all odds

# **WISHES FROM ADMINISTRATION**

“  
**Dear Graduate,**

*Congratulations on your achievements and graduation! As you are now stepping up to be the backbone of our country and the next generation of leaders in the world, you are carrying our banner as ambassadors of KIMEP: Not only are you well-trained in knowledge, expertise, and excellency, but you also embody our core values of integrity, compassion, and honesty. As you graduate, you won't ever separate from KIMEP – this university is yours, and you can always depend upon this institution to further your professional development to realize your cherished dreams. I am proud of you, and you should be very proud of yourselves.*

**Sincerely,  
Dr. Chan Young Bang**

*Dear class of 2022,  
Time has passed so quickly, and the class of 2022 is graduating in June. There were so many challenges this graduating class faced during your time attending KIMEP. Though you were unable to attend classes in person most of the past two years, we hope that you found the classes challenging, you learned the materials you needed to learn, and the courses prepared you for your career. While it was more difficult, I hope that you also gained some leadership and people management skills needed to advance in your career. I expect that most of you were still able to enjoy some social life with your peers, even if it was not on-campus. I wish each of you the very best. Stay in touch through the KIMEP Alumni Association. You are part of the KIMEP family.*

**Sincerely,  
Dr. Timothy Barnett, Ph.D.**  
Provost and General Deputy to the President

*Dear Graduating Class! Congratulations on your accomplishment! You have had the good fortune of experiencing a pandemic that gave you a closer look at how one can adapt to hardship. You'll have seen how some of us succeed and some of us ask for help. Take the best examples of each with you into your career. Beginning your career with this experience makes you better prepared for all that the future will offer. Abraham Lincoln famously said: "The best way to predict your future is to create it." With a KIMEP education and the fellow students you've met along the way, I am sure that the future you create will be a great one!*

**Sincerely,  
Dr. Joseph Luke, J.D.**  
Vice President of Academic Affairs

College of Social Sciences &  
School of Law

## DR. GERALD PECH

Dean, College of Social Sciences

Congratulations on your graduation, wishing you success in your future career!

It has been a challenging time for you, but you may now say (with a nod to American poet Amanda Gorman) that as you learned you grew and as you struggled you hoped and, finally, you made it!

The College is proud of you! As you go out to shape your own future and the future of this country, remember that this will always be your academic home. And if any advice is still needed: be good and be kind, to yourself and others!

## DR. FRED M. ISAACS

Dean, School of Law

To the Class of 2022 – Congratulations!

As Dean of KIMEP University's School of Law, I am honored to join in the celebration of your achievements. Here at KIMEP, we have tried to impart the tools and provide the support you will need for the next phase of your life. During the extraordinary and difficult times we have been experiencing, we've all come to realize just how fragile "normality" is and that things can change very rapidly. Your ability to adapt quickly and thoughtfully to change as well as to others' views and opinions has been critical in your education. Completely new and unknown educational forms were rapidly introduced, but you managed to show the adaptability and perseverance that were necessary to successfully reach this momentous day. You have proven that uncertainties in life can be opportunities to modify your way of thinking, to be creative in your own ideas and redefine your approaches to problem management and solution. We here at KIMEP are grateful for you. Congratulations on your graduation! I wish you every success in this new chapter of your life.

## AIGUL ADIBAYEVA

Associate Dean, College of Social Sciences

Dear KIMEP U graduates!

You are about to open a door to your new life, with no midterms and final examinations, or professors to check and advise you out there. ## DR. SERGEY SAYAPIN

Wishing you all the best in what lies ahead and good luck!

## GEORGE R. RUECKERT

Department of Modern Languages

The Class of '22 has had a challenging time these past two years, but challenges build character -- or at least some good stories! Here's wishing you all the best for a bright and ever brighter future. We know you'll succeed!!

**NADEEM NAQVI**

Department of Economics

Class of 2022:

Jointly with your teachers at KIMEP, you have worked hard to expand your capabilities, your substantive freedom to choose the kind of life you have reason to value. Your ability to distill usable knowledge from masses of data and information will be your greatest asset, going forward. In your new life as autonomous and free actors in society, you, not anyone else, will be held responsible for the consequences of your chosen actions. So, choose well – evaluate alternatives by subjecting them to sharp-edged reasoned scrutiny – especially because smart choices will advance your own wellbeing and that of others. And remember, the more you shine, the better KIMEP looks. Congratulations!

**MILEN FILIPOV**Department of Journalism  
& Media Communications

Dear Graduating Students,

Aim high, surround yourself with motivators, and be like a Swiss watch in pursuing your dream goals.

And, always, always rely on your own judgment first.

**MARIA BAIDELDINOVA**

School of Law

Dear graduates!

I am certain that the years you spent at Kimep were wonderful, full of events and new acquaintances. Thanks to these years and the effort you put into your studies your future life will be even more exciting and rich with events.

Be honest, responsible and professional. Care about our planet and all its living creatures. Be kind to everyone, especially to those who are in need. Call your parents whenever you can. Never stop learning.

With this, I wish you all the best.

**CHRIS PRIMIANO**Department of Political Science  
& International Relations

Dear KIMEP Graduates:

Congratulations! You have worked hard to achieve this accomplishment. In moving forward, I encourage you to commit yourself to public service. Aim to do something in which you have an impact on your community, wherever that may be. There are many ways in which you can do this, such as volunteering to help out your community in some capacity or seeking a career in such a position. Try to think about the impact that you will have on others. I'll end with this quote from Albert Einstein: "The world is a dangerous place, not because of those who do evil, but because of those who look on and do nothing."

**NURSEIT NIYAZBEKOV**Department of International Relations  
& Political Science

Soon, you will realize the value of your education and student life that came with it. But, that will come later. Now, enjoy the freedom from coursework, unexplored destinations, untasted dishes, unmet people, and unrealized dreams! The sheer joy of moving in the direction towards your yet-to-come goals and ambitions is a fantastic feeling. Go forward, but don't forget about the journey, which is not worse, if not better than the destination.

**RUSTAM ATADJANOV**

School of Law

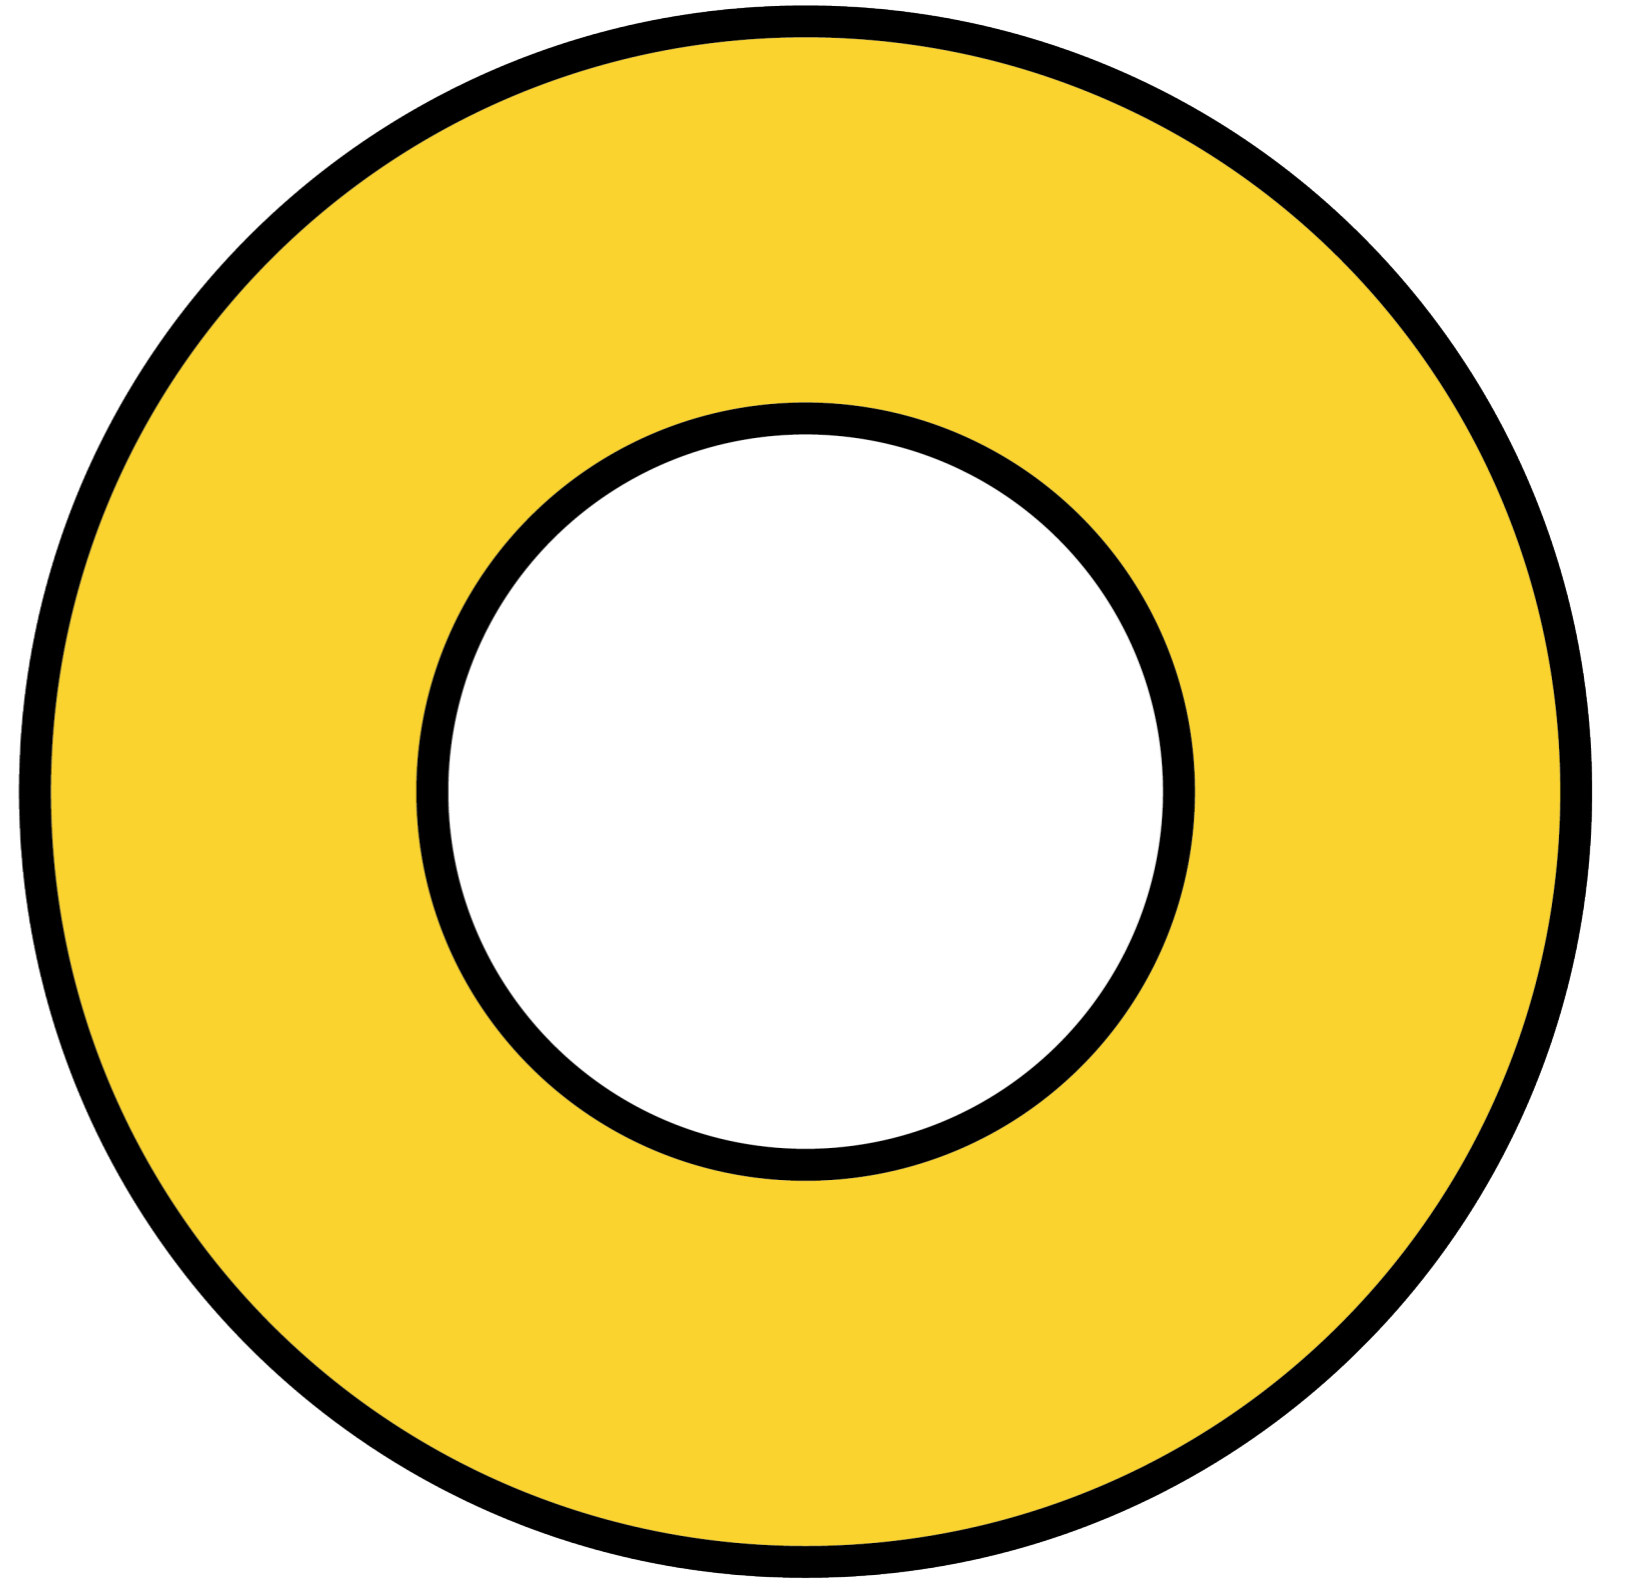

Dear KIMEP Graduates,

At this important turning point in your lives, I would like to congratulate you sincerely on such an occasion and share words of encouragement with you: remember, graduation is not the end, it is just the whole new beginning. You have made it. The future now holds great things for you but just keep in mind: stay open to new opportunities, always remain honest in whatever you do, try to realize your potential to the utmost and never give up. I wish you all the best in your future professional and educational endeavors, lots of success, inspiration and perseverance! I know that you will make our University and us, your teachers, proud because of your achievements. Bon courage!

**ID 18**

**EVENTS**

# ORIENTATION & CONVOCATION

special events for freshmen students

One of the most important events at the beginning of student life is Orientation day, which is organized to introduce the university to freshmen. The KIMEP Student Learning Support Center team successfully takes this responsibility each year by conducting two days of Orientation. They show campus to all who just got to the university and organize informational sessions. Moreover, a variety of student

organizations take the opportunity to participate in the exhibition to get freshmen interested. Every freshman is assigned a team and team lead, who helps them with the introduction to student life and other academic questions that may arise. Thus, orientation day events are significant for students to start their academic year as smoothly and comfortably as possible

Taking place on 13th of September 2018, Convocation by KIMEP Friends brought together all kimepians to greet freshmen of ID18. KADA and Art Revolution organizations with all their

performances made this day special. Moreover, later in the evening a popular singer ABDR. performed on the same stage.

# COMMENCEMENT & SOPHOMORE

by KIMEP Friends

One of the biggest and most significant events in each student's life is the Commencement which took place on 29th of November, 2018 in Grand Palace. What made the event even more interesting is the Duke & Duchess competition. The Dukes & Duchesses demonstrated their performance in a theme of Bourlesque that took a month of preparation. For ID18

KIMEP Friends invited Hamali&Navai as headliners.

**Graduating participants:**

Dariya Akhetova, Alimzhan Bolatov, Gulsezim Amankeldi, Adele Aitym, Adilet Toguzov, Kurmet Zaman, Tomiris Kabayeva

Each year KIMEP Friends organizes a special event for second-year students - Sophomore.

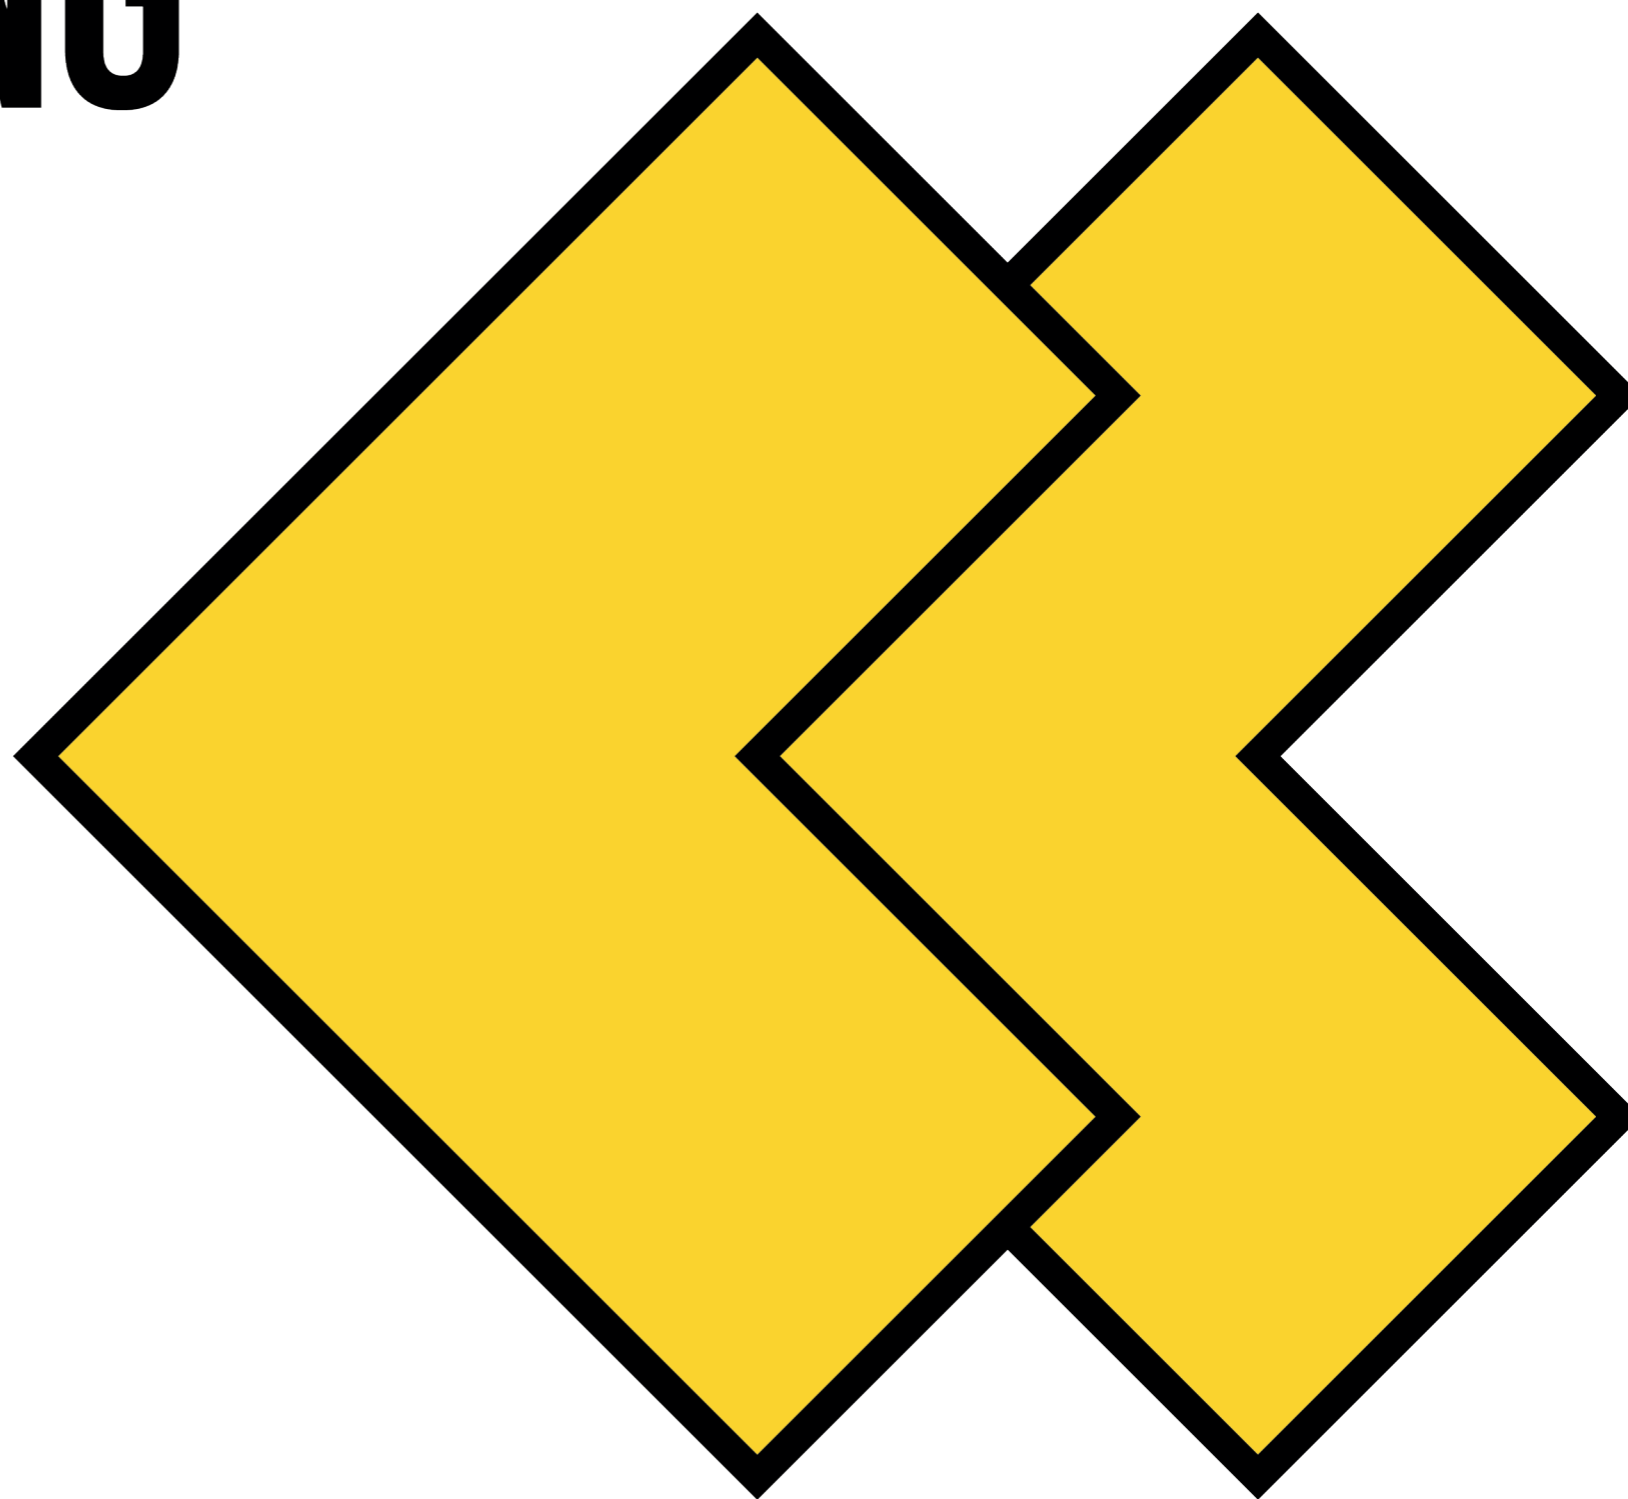

Before the event, second-year students participate in the Ladies & Gentlemen competition. The couples prepare a performance, which is shown during the party itself and participate in photo shooting.

For the ID18 the party was organized in the theme of Safari and held in the Tuyskan bar on February 20, 2020.

**Graduating participants of the Lady and Gentleman:**

Enlika Zhengazinova, Igilik Giniyatov, Shynggys Amirkhan, Adil Kopeshev, Diana Kuanysh

# **GRADUATING MEMORIES**

TEMIRLAN ZHAKISHEV - BACHELOR OF FINANCE

Probably, each student who wrote graduate memories faced the problem that they did not know how to start. Obviously, I am not an exception, but the first thing that came to my mind was to thank my friends, fellow students, colleagues, Dr. Bang, and the professors. They are an integral part of the big chapter called "Student life," and thanks to them for that.

Despite the fact that I have spent only half of it in a traditional form of education, I can proudly say that my student life was one of the most eventful and exciting times of my life. The most memorable events in my student life were: participation in the Stars On Ice project and Vice Presidency in the student government. They were remembered by wonderful people, great experiences, and happy moments.

Apart from that, I will never forget the life in the dormitory with my friends, with whom "we shared one bread and ate from one spoon". We saw each other's ups and downs, supported each other in difficulties, and enjoyed the

happy moments together. We have found an indestructible bond and friendship called "Bratiki"

Undoubtedly, I will miss the sleepless nights in preparation for the mids in the Study Rooms. Hanging out at Starbucks and looking at the girls was a special ritual. Checkpoint along Valikhanov street was the meeting point for all kimepians. Students from all over the city wanted to get to parties and events of our organizations and they were the best in all of Kazakhstan. All of us are graduates who were a part of this big family life called KIMEP.

Putting all the memories and events in 200 words is difficult, but I think I have successfully managed. Dear graduates and kimepians, I wish you success and achievements of your goals. I believe that we will all be the elite of the country and the engines of progress in our society.

Best regards, Temirlan Zhakishev!

Thank you, KIMEP.

Thank you for your lifetime friends. For the brilliant professors. For giving me an opportunity to grow, prosper, receive free education, and all the while bestowing me with a priceless experience. Thanks to you, I swear, I lived.

I took 56 courses from you, worked and volunteered for you, and lived in your dormitory.

I matured, and each year I discovered a new me. Or rather, layer by layer, you extracted the capacities I never knew existed.

You gave me the best family - the College of Humanities and Education. You gave me Student Government and Erasmus in Sweden (shoutout to Nailya). Even after, the knowledge I received within the walls of you continues to assist me in my professional life tremendously.

They say you become an adult after high school, while I do believe there is a partial truth there due to the increased autonomy, but I think that you really become one, on a full-time basis, after graduating from university. Here I stand, facing the rising tsunami of the scary, wild adult world. But I am not afraid. Why should I be? I have all the tools to stand my ground.

My four years of academic experience, 4.31 GPA, skills gained from student organizations,

network of loyal friends, supportive professors, and undeniably the sassy "we are not special, we're just limited edition" attitude. I am ready to combat whatever challenges come my way. I will seek discomfort to grow, but I will also remember to soothe myself down, relax, and realize that my failures do not define me.

My advice to my peers is to have fun with it, get creative with who you can be, even though it may seem trivial at first. Embrace your upbringing, even though it may differ from others. We, small hometown girls and boys, need more recognition! Call your family more often, because we have already spent the majority of time in life with them. Prioritize mental and physical health. Ask how your friend is doing. Yes, I think, that's it.

I tried so hard not to write a speech like I've won the Oscars, but eventually, I did. I guess I should advise myself to be more humble, haha. Kudos and good luck to you!

MANAT SERGAZINA - BACHELOR OF ARTS IN FOREIGN LANGUAGES

SANAT KOSHEN - BACHELOR OF ARTS IN ECONOMICS

Damn, that shoot was dope!

(C) O'Shea Jackson Sr. AKA Ice Cube, NWA

4 years. That is a long time, isn't it? I cannot look at my photo on the ID card—made 4 years ago exactly on the Orientation day—without a laugh. The second emotion I feel, though, is good old-fashioned envy.

I am jealous of this young, extremely shy but wide-eyed freshman. Obviously, because he is 15 kilograms lighter than me. On top of this, he is about to experience what turns out to be the best 4 years of his life yet. All the ups and downs, blood, sweat, and tears of the studentship.

This university was a special place for me from the very beginning. As most of you probably

know by now, my parents met here. I owe my life to KIMEP, quite literally. I was excited to come here, I was happy to be here, and I am indeed sad to leave.

My wonderful classmates, thank you all for blessing me with your smiles and laughter. Each hug and handshake made me the person I am today. Special thanks to Team Eminem from Mister KIMEP days, Art Revolution, and my cabinet of Student Government.

The only thing left to say is that this is not a goodbye, but to see you soon. Whenever any of you will need a DJ for your wedding, you know who to call.

Peace out, hombres 🙌

A lot of thoughts are crossing my mind at the moment of writing this letter. I don't know where to start, but one thing I know for sure: I'm so proud to be graduating from the most wonderful university that I could choose, and the place that raised me into the person that I am now.

When I was a freshman I used to look at and admire seniors because they seemed like they had been through so much, so mature and established in life. And now I became that one senior. These 4 years reached the most valuable features in me and I discovered myself as an independent, confident, and strong individual. I would like to extend my heartfelt gratitude to the people who surrounded me and in particular my beloved organization KASD, where I found my best friends for life, organizational skills that will definitely help me in the future, great memories, and lots of fun. Preparing all night for the exam

and the next day going to the party, studying hard in the library, long talks at Starbucks, 24/7 playing table soccer in KIMS, and another amazing pastime that I have been through will always warm my heart. And of course, I will never forget my favorite Student Government where I learned that with great power comes great responsibility.

I would like to give my appreciation to people who have been with me all this time. I am glad to be graduating with you. Just remember guys, that we are the most talented, creative, and capable adults. As Dr. Bang always told us, enjoy what you do and have the commitment and passion to pursue whatever it is that you want to achieve.

Best wishes and I hope that our roads will cross somewhere in the future!

BIKHANYM BEGALY - BACHELOR OF MARKETING

ADINA MARAT - BACHELOR OF ARTS IN JOURNALISM

It took me a few days of reminiscing to understand what I wanted to say. At the end of the day, 4 years, 8 semesters, numerous experiences, and countless memories are hard to fit into a couple of paragraphs. But I'll start from the very beginning.

I became a member of the KIMEP community when I was in high school. I was 16 when I first auditioned for KELT (Kazakhstan English Language Theater – one of the oldest organizations in KIMEP) and got a part in a musical. Little did I know back then that I will be spending 4 more years on the stage of the Great Hall that probably hasn't changed since KIMEP was opened, but feels so warm and accepting; within these walls that have seen so many faces come and go; getting to know the people that were once unfamiliar and now feel like home; understanding what I like and don't; learning what I am good at and not; discovering what I am capable of, and what I still need to learn.

I'll keep the bad memories for myself because

I would be lying if I said there were none. And I'll hope that whoever comes to study here after us will find something for themselves because I certainly did.

Here I learned how to negotiate with professors and staff members on deadlines, as well as how to be on time. I acquired a universal skill of approaching people I don't know and working with them. Here I had the honor of becoming a member of 5 organizations simultaneously (also being the President of KELT and Managing Editor at KIMEP Times), where I was lucky enough to meet different people with unique talents of their own.

Here I met my friends – people that, I hope, will stay in my life for as long as it is possible. But most importantly, here I met myself. The version that I am now, and the version that will continue changing for the better.

Congratulations, graduates! What an exciting journey we are embarking on! I hope it won't disappoint you! Take care xx

Finally, we made it to this moment!

Hence, I would like to praise all of us for the big efforts we invested to get into here. Indeed, it was a great journey and in light of the recent situation, I would like to point out that we are the luckiest ones who felt what the student life in KIMEP really is. Spending the last two and a half years within the walls of "Zoom" university was not that easy. Mental breakdowns, sleepless nights, dozens of coffee cups are just essentials of university life in both study modes. Nonetheless, these four years of studies at KIMEP were filled with extremely warm and joyful memories. I got acquainted with a bunch of different, creative, and unique people and made many new friends whom I can call my family. I took interesting but at the same time the hardest classes for seniors in my sophomore year, and flashbacks from that time still freak me out. I was part of various

student organizations and legal competitions through which I enhanced my professional skills. With a sincere smile, I remember my Erasmus exchange program at the University of Glasgow and all the adventures we went through with my friends.

I would like to thank from the bottom of my heart all the instructors, staff, family, and friends for support, amazing memories, and life lessons that impacted me to become the person I am now. I wish there was a way to know you're in the good old days before you actually left them. Finishing university makes me experience ambivalent feelings about this major chapter of my life. I am scared, but at the same time excited about the fresh start. Take life easy and just go with the flow. To all students who graduate with me, I wish strong health, good luck, and all the best!

BALZHAN SULTANOVA - BACHELOR IN JURISPRUDENCE

NILUFAR NEMATOVA - BACHELOR OF MARKETING

KIMEP is a choice.

I chose to have fun and to study, I chose to organize and participate in different events. I chose to make friends and create memories.

My story is short: 3,5 years filled with victories and failures. KIMEP changed me and changed me for the best. For example, while organizing MISS KIMEP, my team was stressing and laughing

at the same time. Deciding on a theme, finding sponsors, preparing PR campaigns, inviting guests, and conducting events were interesting and inspiring.

We even managed to get a horse into the Event Hall!

Everything is possible at KIMEP.

Make wise choices, xoxo

We knew we'd get there someday. And we did. Brace yourself, lads, for what is coming will be nasty and brutish! My only hope is that what we have acquired during these four years will come in handy and enlighten the way before our feet. Frankly, these precious years taught me the most important thing: the value of friendship and love. I've laughed a lot. Cried a lot. Got angry a lot. Kissed a lot. Lost a handful of friendships, yet found people who are as close to me as a family.

I will never forget all those cozy sleepless nights in the dormitory that were accompanied by a cup of tea and the sound of my neighbor's guitar. I will never forget all those hours that we spent in hall 108 of the New building playing board games and just chilling. I will never forget all the cursed nights that led us to Robusto and Circle.

God, I am so much different than I had been before entering this charming place. And honestly, that is all thanks to you. Not only have I been learning from our beautiful-beautiful faculty members, but I have also learned a great deal from you, my lovely people.

The most beautiful thing, I think, is the fact that our life stories have intertwined, even for such a short time. I thank you for being a part of mine and an opportunity to be a part of yours. These were wonderful times full of joy and tears. And just as tears in the rain, all these moments will be lost in time eventually. Yet, I promise you that as long as I breathe I will cherish the tale of our youth in my little heart. And I can only hope that you will do the same.

With love from your toxic/friendly Wally

## STUDENT ORGANIZATIONS

Kimep Accounting Finance Club) is one of the few organizations that was founded in 2010. In our case, we manage different events from the business companies and learn new things in business and finance. Moreover, we organize free events such as "The Smartest Guy In The Room" to show how erudite our students are. Moreover, there are a lot of events from various companies where you can get an internship and employment. Anyone interested in finance and business, regardless of which program they are in, can join the Kimep Accounting Financial Club. This is an opportunity to find like-minded people and learn new in business and finance

KIMEP Intellectual Debate Club is the place where students strive for knowledge. In our club we love to seek the truth through hot debates, we love to set challenges and overcome them. The desire to be the first one drives our club members to new victories, excitedly competing with each other. For us, the debate is the powerful tool of the development of leadership, personal qualities, oratory skill, and core strength. Certainly, for us debate is the place of similar-minded people, who constantly motivate each other to grow as a personality. We are always glad to welcome new faces, regardless of their experience and oratory skills.

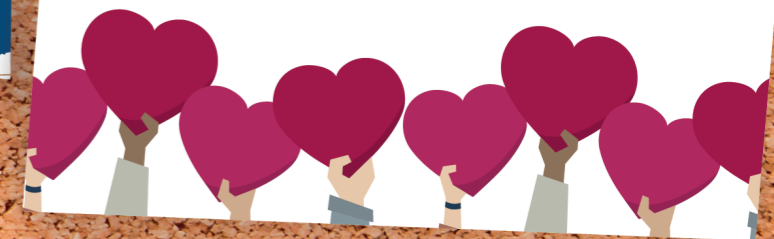

KIMEP ASSOCIATION  
OF SPORT DEVELOPMENT

KIMEP Association of Sport Development (KASD) is a sports organization, founded by students of KIMEP University on October 8, 2012, whose main mission was to promote a healthy lifestyle and the development of cultural leisure among the young generation of Kazakhstan by involving them in cultural and sports projects. KIMEP GIFT is a nonprofit charity organization, established in 2019. Our members from the Education Department visit once a week Orphanage No 1 in Almaty to teach Math and English. At the end of the study, we organize a huge party for our students. Charity fair has raised almost 180 thousand tenge. The money was divided between two boys who needed material support for surgery and rehabilitation. Random acts of kindness are extremely important and should not be limited to family or friends. By practicing acts of kindness spontaneously, a person has the power to change the way people see and experience their own life. Such action is needed in a progressive society and KIMEP Gift is the organization created from a series of good things. Our main purpose is to convince the audience to act through compassion and inspire others to do the same.

KIMEP  
LEGAL CLINIC

A lot of important topics were raised during discussions, for we praise every single opinion and want to establish a platform for the active exchange of experience and knowledge between practitioners, scholars, and students. KIMEP Legal Clinic is all about bright, ambitious students who are committed to excellence. We believe in the supremacy of justice and law. And you?

BIS organization is one of the most active student communities that organizes events for students throughout the whole academic year. We have a "Welcome Party" at the beginning of each semester, as well as the "Farewell" at the end. There are two more events that we usually organize, these are Nauryz Party, and International Students Day (ISD), where students mainly represent their cultures while having fun in a really vibrant student event. Our organization is one of the biggest in KIMEP now. And our community is always happy to welcome our newbies! There's a lot to explore as a member of our organization, as we try to represent our University/country culture while trying to engage with the representatives from the rest of the world!

Reacting to the Virus, professors and students quickly adapted to an entirely new way of life. Faculty members have completed training courses to teach courses through online platforms. The updated version of Moodle was used by students while the whole period of distance learning. Zoom has become a venue for all classes and online meetings.

The first Two weeks of the Spring 2022 semester were online due to "Black January" in Almaty. The remaining semester continued in offline mode. The Class of 2022 is the first in KIMEP who graduated offline after the two years pandemic.

On March 16, 2020, the Ministry of Health declared the spread of Coronavirus in Kazakhstan. Despite the quarantine restrictions, KIMEP has provided high-quality education to students. Online education at KIMEP University lasted for 2 years or 5 semesters (Spring 2020, Summer 2020, Fall 2020, Spring 2021, Summer 2021).

Finally, in Fall 2021, KIMEP returned to traditional offline education. Only vaccinated students and faculty members were allowed to come to campus. At KIMEP, all conditions were created to prevent the spread of infection: the rule of wearing masks, the distance between students during lessons, sanitizers all over the campus. Dormitory students lived separately, not in pairs as it was before the Pandemic.

Shynggys Amirkhan, Sanat Koshen, Bikhanym Begaly, Kurmet Zaman, Alisher Gubaidullin, Nurzhigit Kopzhassar, Temirlan Zhakishev, Nilufar Nematova,

Different contests are held for event guests. Moreover, members of student clubs can show their talents such as performing dances or singing songs. All of this creates a magical atmosphere of Christmas and New Year celebration.

The most important part of the event is the Secret Santa among all student organizations. A few weeks before the event, each student organization randomly chooses another student club to which they will give a special gift.

# SKY CINEMA & GEEK'O'WEEN

by KIMEP Geeks

*Sky Cinema is the most memorable and famous event of KIMEP GEEKS. This event unites completely different people with its atmosphere, warmth, and coziness. Sky Cinema is held outside on the Football field during warm spring and summer evenings.*

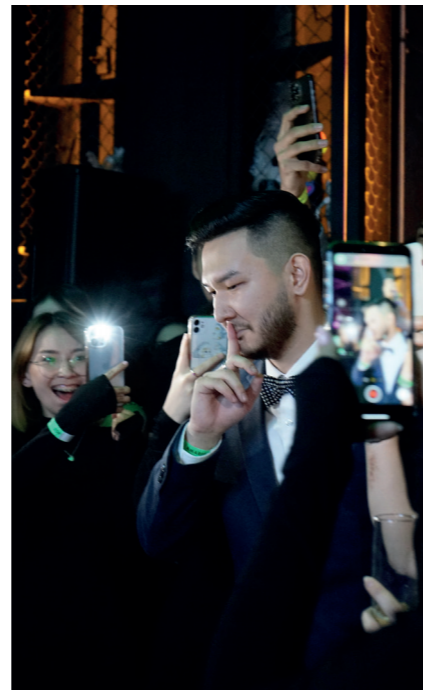

*Sky Cinema starts with entertainment, video games, friendly competitions, and exciting board games, while ends with a movie, hot snacks and drinks. All of these factors create unique atmosphere that makes student life much more close-knit and memorable.*

*KIMEP Geeks understand that the best way to create a spooky atmosphere on Halloween eve is to watch horror films – so they successfully use this opportunity to hold the event. Geekoween is an event with a Halloween movie and cool*

*decorations. Moreover, most of the guests come in costumes, and the members play board games, so the atmosphere of the event will help to feel the spirit of the holiday in the best way.*

# SPORT EVENTS

by KIMEP & KIMEP Association of Sports Development

KASD and Sports Center organize a lot of different sports events, including Presidential Ping-Pong Cup, Football, Basketball, and Chess Tournaments, and many other competitions. These events are organized to support physical conditions, spread

sport values and create a competitive spirit among students. Some of the competitions, like the Presidential Ping-Pong Cup, reach the city level with huge prizes and status.

Moreover, many of our students achieve great results on local, national, and international levels, proving the high level of sporting conditions of students. Sports events are not only the competitions

of students to recognize, who is faster, higher, and stronger, but also the celebrations of life and sport, when many people get together with one purpose: praise the beauty of sport.

On a cool fall evening, there is a time for one of the coolest concerts presented by the Art Revolution student organization. Fall in Fest is an open-air concert with performances by talented students and invited guests like Darkhan Juzz, Abdr., DJ Aki, and others. The dynamic performance of the

musicians and the cozy atmosphere warm up the guests. The event is charitable, so the money raised by Fall in Fest is donated to a child with a serious illness. Thus, you can have a good time and contribute to the good deed.

Every year, when spring already comes, KIMEP Art and Dance Association organizes a concert for our students with performances of their music band, dance group, and guest musicians. During this concert, members of the organization sing in different languages and dance in different styles to give energy and drive to the young audience. In addition, KADA invites talented stand-up comics to entertain the audience during breaks.

Open Air is a celebration of youth and spring. This is the time when nature is reborn and people seek new emotions and feelings. With this event, students keep their minds off daily studying routine to gain more power and energy before final exams. KADA Open Air is one of the biggest and most active events, which everyone must attend.

After the entertainment on the campus, most of the freshmen enjoyed the Convocation after party which took place in the Grand Opera nightclub.

That was the first time freshmen could immerse themselves into KIMEP's culture of partying. The theme of the Convocation in 2018 was dedicated to 80s culture.

Halloween by Pie is organized annually to immerse its guests into the thrilling atmosphere of the most spooky celebration of the year. The celebration always goes great not only because of the KIMEP Pie's team but also thanks to ingenious guests who come up with the most creative

costumes. The best DJs and KADA team makes this event even more special.

Also, Halloween by Pie is significant for the celebration of the PIE's birthday with huge cakes and best greetings from the presents of the organization.

# STARS ON ICE & FRESHMEN PICNIC

by KIMEP Association of Sports and Development

Being the prototype of the American show "Stars on Ice", the project is the only one of its kind in the CIS: the participants, and organizers of which are students. For three months, 13 couples, led by professional trainers, prepare an unforgettable show.

A lot of hard training, unforgettable memories, and moments of overcoming physical and mental abilities result in a final moment of beautiful performances.

Unfortunately, in 2020 the show itself

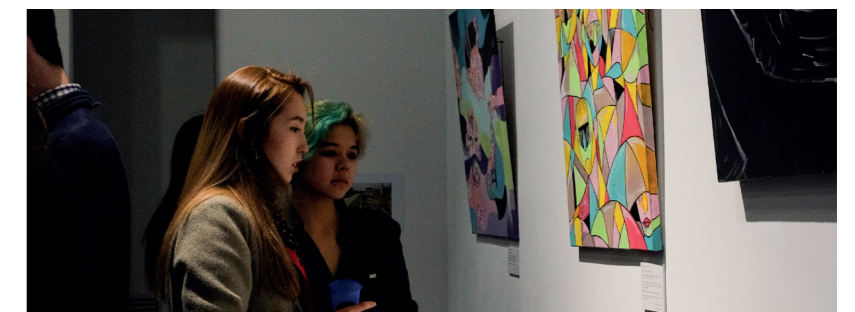

was canceled due to Covid-19 regulations. However, the participants spent over two months on preparations, photo shootings, and creating unique themes for their performances. They did not have their show but they acquired a family and memories, which they will never forget.

#### Graduating participants:

Amina Slam, Issa Makhmadov, Dariya Akhetova, Ulziya Kopzhassarova, Nurzhigit Kopzhassar, Temirlan Zhakishev

Playing a crucial role in welcoming freshmen students at KIMEP, Freshmen Picnic is annually organized by KIMEP Association of Sport and Development. On September 8, 2018, a path to

Butakovka waterfall was full of laughter and joy. That day we enjoyed getting to know each other better, being a team and community, singing songs, and warming up by the campfire. That day represents the beginning of our university life journey.

In Fall21 KFI presented a new project - KFI Fashion Week, charitable fashion project with the goal to raise students' awareness about Kazakhstan's fashion and local designers.

In Fall2021 three Kazakhstan's fashion brands showed their new collection of clothing on KFI Fashion Week. Moreover, fashion influencers presented their speeches to event guests.

Participants of KFI Fashion Week had an

opportunity to visit defile courses in Model Agency. At the end of the event, the sponsors of KFI Fashion Week chose one participant to be part of their model agency. During break musicians from the student organization "Art Revolution" performed three songs. All collected money was sent to the Asar Ume charity foundation.

**Graduate participants:**  
Kamilla Serikova, Enlika Zhengazinova.

The ART exhibition provides an opportunity for talented artists and photographers among students to present their works on a specific topic. In May 2019, the theme was [Ш!] - something that people are afraid to talk about out loud and the time when it is difficult to keep silent. Creative students of our generation exhibit work from

different perspectives: from a whisper to a scream. "Stop being silent, it's time to talk" – the slogan of the exhibition, but we also must mention that the event is charity. At the exhibition, you can get cultural pleasure and discuss the ideas of their works with the creators.

*In 2018 from 26 to 28 of April, KELT showcased a large production of "Robin Hood".*

*Larry Blamire's "Robin Hood" adaptation was staged in KIMEP's Great Hall and attracted over 1000 audience members. Out of a total of 7 shows, KELT organized special showings for children's homes, children with hearing disabilities, and school students. Although the play was performed in English, it was accompanied by subtitles in Russian.*

*"Robin Hood" took 3 months to prepare and involved beautiful decorations built with the help of student actors, volunteers, and Introduction to Drama course students.*

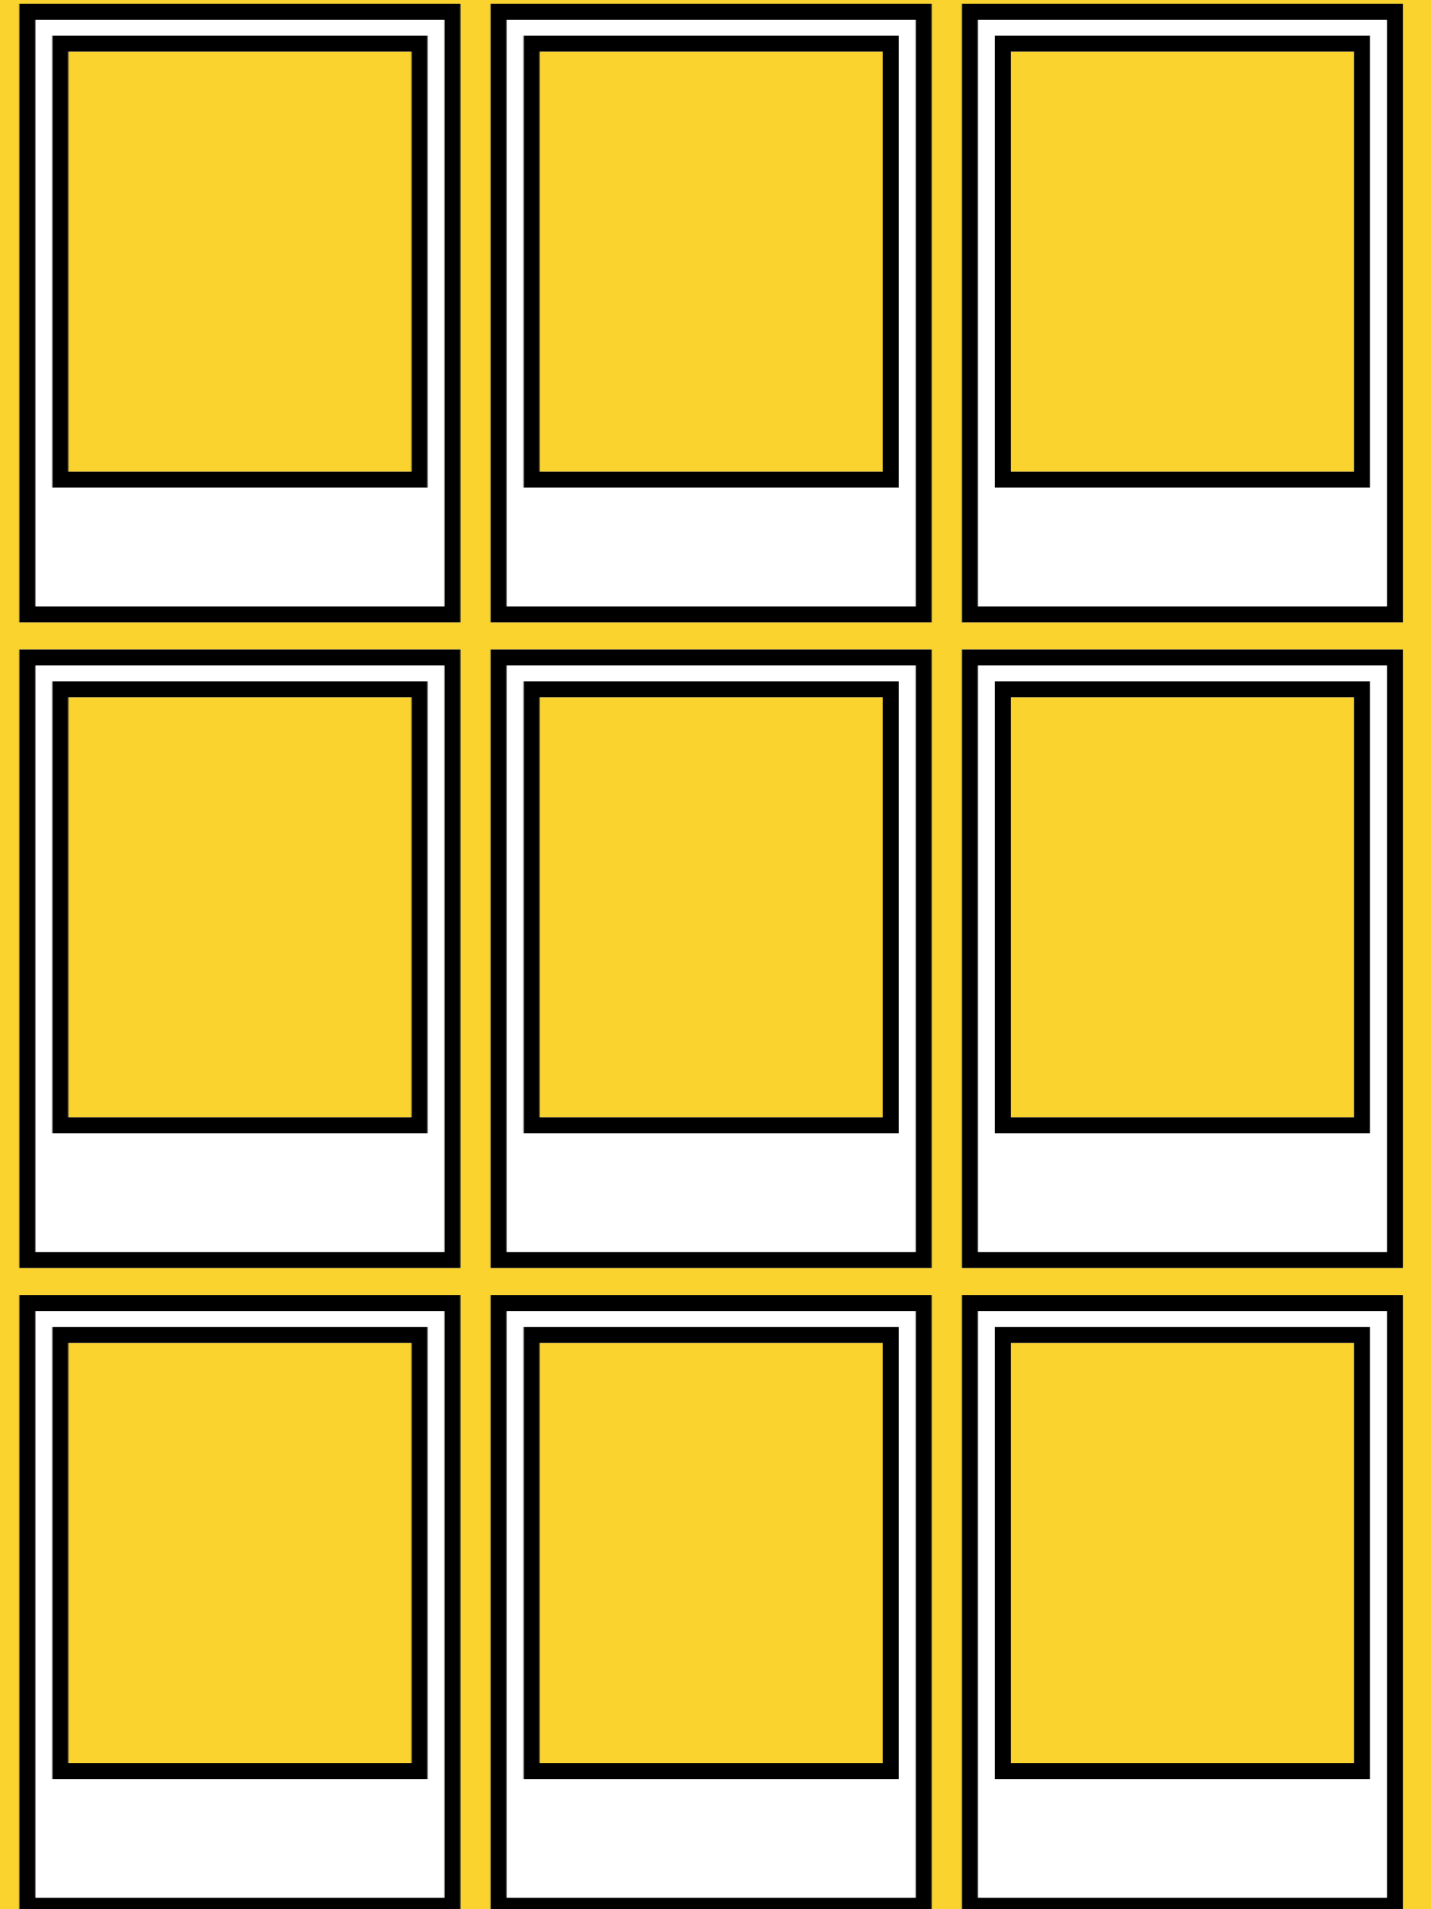

*There were 20 students in total, 8 students in the cast, and 7 graduating students, who participated in this epic show that was filled with impressive sword fighting all throughout the play.*

*On April 20, 2019, KIMEP Campus welcomed its students and their families with a show program, different activities, food, and joy to celebrate the national holiday - Nauryz. As part of the activities, KIMEP offered pony-riding, zorb balls, and open-*

*air karaoke. Even though it was unexpectedly cold for that time of the season, KIMEP managed to warm up everyone's hearts.*

*Dear Graduate Student, we hope that this Yearbook will become a collection of great memories and moments, which will follow you during the next steps of your post-graduate life. During these six months, we had an enormous pleasure and only warm feelings after searching for all the photos, memories, references and ideas, which we then put together into this beautiful puzzle.*

*We want to thank every graduate student who came for Photo sessions in 202, New Building, and sent their interesting quotes, which made us laugh and respect your wisdom and experience. We want to thank Dr. Barnett, Marketing Department Team, and Arailym Kuderbayeva for managing our work from the beginning, doing proofreading, and helping with organizational work. Huge thanks to the Focus Group members: Anel Kazanova, Yasmin Alenova, Zarina Khishanlo, Nurzhigit Kopzhassar, Taissiya Seipulnik, Magzhan Zhumabay, Adina Batyrova, Alina Ishmukhametova. Special thanks to Aktin Akishev, Dilda Kaishenova, Laura Rakhimova, Adil Kurmangaliyev, Sanat Koshen, Adina Marat, Alua Sypabekova, Nailya Akhmarova, and Dariya Issayeva. We could not finish this project without you!*

*Lois Lowry, a beautiful American author, once wrote "The worst part of holding the memories is not the pain. It's the loneliness of it. Memories need to be shared." So, please, share all these memories, collected in this Yearbook, with others and feel the beauty of this chapter of your life.*

*Your Yearbook Team: Arman Turgayev, Dinmukhamed Niyazov, Dariya Akhetova, Alisher Gubaidullin, Symbat Valiyeva, Diana Kuanysh, Shynggys Amirkhan, Dana Abdikhaliyeva, and Aiya Yesmakhanbet*
