PROCEDURE OF PSYCH BATTLE

The competition format consists of two stages. Participants will first complete Stage 1, which includes two assessment phases. After a break the participants will advance to Stage 2, where they will complete the final essay phase. The essay

prompts are designed to challenge participants at a high level, requiring them to demonstrate both theoretical knowledge and practical application skills in psychology.

1. Stage 1: Initial Assessments (Total Duration: 2 Hours)

1.1 Advanced Multiple-Choice Exam (1 Hour)

- Participants will complete a 100-question multiple-choice test covering a broad range of Psychology topics
- This phase evaluates participants' ability to apply psychological theories, principles, and research findings to complex scenarios

1.2 Diagnosis Challenge (1 Hour)

- Participants will respond to open-ended, diagnosis-style questions
- Answers will be assessed based on accuracy, depth of reasoning, and analytical skills in diagnosing psychological conditions

2. Break (1 Hour)

3. Stage 2: Essay Phase (1 Hour)

- The participants will have one hour to compose an argumentative essay on broad psychological topics
- The essay will be assessed based on the participant's ability to:

1. to demonstrate theoretical knowledge
2. to apply psychological concepts in practice

Evaluation

The multiple-choice questions assess the participants' knowledge and skills in psychology.

The essay evaluation criteria:

- **Global Structure (25%)** – structure the material to allow for a logical sequence of ideas. Each paragraph / statement should follow sensibly from its predecessor. The essay should "flow". The introduction, main body and conclusion should all be linked. Each paragraph should comprise a main theme, which is illustrated and developed through a number of points (supported by evidence).
- **Knowledge and Understanding (25%)** – recognize, recall, and show understanding of a range of scientific material that accurately reflects the main theoretical perspectives.
- **Critical Evaluation (25%)** – arguments should be supported by appropriate evidence and/or theory from the literature. Evidence of independent thinking, insight, and evaluation of the evidence.
- **Quality of Written Communication (25%)** – writing clearly and succinctly with appropriate use of paragraphs, spelling, and grammar. All sources are referenced accurately and in line with APA guidelines.
